- Team Leadership & Training
- MS Office | AutoCAD | Primavera P6 | Aconex

## PROFESSIONAL EXPERIENCE

---

### ***Saudi Concrete Technique Company Limited (Riyadh) –QC Engineer (Civil) June 2023 to July 2025***

- Implemented and monitored project-specific QMS and ensured alignment with client requirements.
- Carried out inspections of waterproofing systems, structural components, and finishing works per approved ITPs and method statements.

- Prepared QA/QC reports, weekly site inspection logs, and NCRs; followed up corrective actions until closure.
- Maintained quality documentation including checklists, IRs, MIRs, and material approvals.
- Coordinated closely with execution teams, project management, clients, and consultants for inspections and approvals.
- Ensured material compliance with specifications and monitored testing and calibration of tools/equipment.
  - Contributed to internal audits and supported handover documentation preparations.

• **Al Medwar Contracting Co. Ltd (Jeddah) – QC Engineer (Civil)      Nov 2022 to May 2023**

- Verified materials and construction activities against drawings, specifications, and project requirements.
- Developed and maintained project quality records and inspection reports.
- Participated in the preparation of ITPs, PQIs, and checklists tailored to site activities.
- Raised RFI/IRs for consultant approval and ensured follow-up on punch list closures.
- Engaged in coordination with labs for testing, analysis, and timely reporting.
- Supported implementation of Lessons Learned to prevent repetitive issues during handover.

• **China Harbour Company (Riyadh) – QA/QC Engineer (Civil)      Oct 2020 to Oct 2022**

- Performed quality checks for earthworks, concrete pouring, formwork, reinforcement, waterproofing, masonry, and finishing.
- Managed inspection cycles per ITPs and project standards; ensured compliance with ACI, ASTM, and BS codes.
- Witnessed lab and field testing, ensured timely approvals of IRs, MIRs, and test results.
- Maintained daily quality logs, reports, and updated QA/QC records for audit readiness.
- Addressed non-conformities, ensured root cause analysis and documented corrective actions. □
  - Supported Senior QA/QC Engineer in managing documentation for final handover and audits.
