**Location : Bahria Town Islamabad.**  
**Duration : Apr 2013 to Apr 2015**  
**Client : Mansoor Mazhar Associates**  
**Designation : QC Inspector Civil**

**Project : Construction of High-rise buildings Bahria Heights, Phase -06**  
**Location : Bahria Town Islamabad.**  
**Duration : Dec 2012 to Mar 2013**  
**Client : Mansoor Mazhar Associates**  
**Designation : QC Inspector Civil**

**SCOPE OF WORK:**

This Project Comprises, High rise Multi-story Concrete Frame Structure Building, Water & Fire Fighting Networks, Storm Drainage & Sewer Pipeline, Electrical & Telecommunication works.

**Duties & Responsibilities:**

- Reporting to Quality control manager on all quality issues.
- Monitoring all QC related activities on site in accordance with the Aramco Standards, approved drawings and specifications.
- Preparing request for inspections with all necessary attachments. preparing QC weekly and monthly reports

- Coordinating with the construction engineers for client designated inspections (Hold and Witness Points).
- Preparing and resolving site work queries with client.
- Maintain a current knowledge and act as liaison with Standards such as SAES, SAMSS, ASTM, ACI, BS, IBC etc. with respect to quality issues.
- Preparing test schedules, frequency of test and sampling related to approved Quality control program.
- Raising non-conformance reports for any violation.
- Co-coordinating with client for clearing logbook entries and closing NCR copies with proposed corrective actions.
- Preparing vendors evaluation report based on their quality, delivery, price and response.
- Marking various types of field changes on drawings.
- Preparing daily inspection reports on field activities.
- Quality fields such as: soil testing & compaction prior to concrete pouring for load bearing and non-load bearing foundations.
- Follow up all quality functions as per approved quality records, inspection typical test plan, etc.
- Follow up weekly and bi-weekly inspection look ahead schedules and Inspection reports.
- Conduct inspection on all materials received at site and ensure materials to be used confirming to contract plans and specifications.
- Soil sampling and testing checks in formation compaction, general fill, subbase and road aggregate base, materials Reviewing concrete mix design checks, including aggregate and cement sampling and testing. Asphalt mixes design checks, including aggregate and bitumen sampling and testing, also transportation and laying specification requirements.
- Checks and does necessary revision on the construction plan.
- Handling all site related activities for the construction
- Responsible for the execution and supervising a team of Forman and labors.
- Attending meetings with planning engineers to make sure to meet the deadlines.
- Excavating the trench and laying the pipe. Excavation and placing of manholes.
- Co-ordination between contractor and client. Representing sub-contractor to the consultant
- Meeting the deadlines according to program schedule, giving site requests to construction manager to ensure materials, machineries and manpower on the site to execute the job.
- Successful supervision of site staff including foreman, labors, Steel fixers & carpenters
- Making sure the execution is according to approved drawing to meet the requirements of client.
- Handling crew and equipment present on the site & Responsible for the erection of steel which fabricated and delivered to the project.
- Quantities Calculation from Shop drawings and Site reports for Payment's purpose
- Preparation of Bar Bending Schedule of Steel reinforcement for Multi-story Buildings etc.
- Taking out quantities from shop drawings for the procurement of materials for project
- Verification of "As built drawing" according to approved Inspection request quantities.
- Verification of Sub. Contractor billing, Supplier billing and Sub. Contractor Variations
- Send out request for Quotation to Supplier & Sub. Contractor for rate comparison.
- Taking out (Ductile Iron) fitting quantities from shop drawings including Shutdown
- Taking out (DI) fitting quantities from chamber including pieces
- Analyzing the Existing resource and arrange the Program for balance works.

### **SOUND SKILL KNOWLEDGE OF:**

Multi –story Buildings Quality Construction and Cost estimation from shop drawings Site quality Supervision as per project specification & Construction Management.

Well knowledge about the role of third-party concept in Kingdom Of Saudi Arabia Well Knowledge about all types of construction material testing in Laboratories, Concrete Works. Soil works, Asphalt Works., Steel Works. Different types of Pipes testing (DI, HDPE, UPVC, GRP, RC etc), Chemical Testing etc. Capable of handling concrete and asphalt mix designs according to project specification.

**TECHNICAL REFERENCES FOR QUALITY CONTROL:**

- Inspection of Concrete Defects as Per ACI 201.1
- Inspection of Concrete protective Coating as per APCS-113A
- Technical Review of Reports as Per ASTM & BS Requirements
- Quality Control of Concrete Compressive Strength as Per ACI 214
- Concrete Mix Design as Per ACI 211.

**CERTIFICATES:**

- Certificate in Cost Analysis.

**ASTM TRAINING AND E-LEARNING CERTIFICATES:**

ASTM D 75, ASTM D 421, ASTM D 422, ASTM D 698, ASTM D 1557, ASTM D 2216, ASTM D 4318, ASTM C31, ASTM C 39, ASTM C 40, ASTM C 78, ASTM C 117, ASTM C 127, ASTM C 128, ASTM C136, ASTM C138, ASTM C 143, ASTM C 172, ASTM C 231, ASTM C 566, ASTM C 617, ASTM C 702, ASTM C1064, ASTM C 1231, ASTM C 1610, ASTM C 1611, ASTM C 1621, ASTM C 1712, ASTM C1758.

**COMPUTOR SKILLS:**

Managing office work on Computer through: MS. Access MS-Office, (Word, Excel)  
Internet Applications  
Auto-Cad 2D (Civil)

**Engineering Software:**

Power-Point, Auto CAD,

**AIMS:**

To implement civil engineering for betterment of human life in its true sense

**Why to employ me:**

To employ a person who is strongly dedicated to his profession having missionary zeal and management capabilities in addition to his professional skills.

**Languages:**

1. English
2. Urdu
3. Punjabi

Our Ref: Certificate No.1094

Your Ref: ULN No. 644001

Date: August 1, 2025

Dear Muhammed Fakhar, Mueen

**Ref: QMS ISO9001:2015 Lead Auditor Training Course, Course ID: 18096,****Held in Saudi Arabia: on 16<sup>th</sup> – 20<sup>th</sup> June 2025**

I am pleased to inform you that you have passed the examination held as part of the above Robere & Associates (Thailand) Ltd. course. The "Certificate of Achievement" is enclosed.

The Robere & Associates (Thailand) Ltd. QMS ISO9001:2015 Lead Auditor Training Course, Course ID:18096 has been registered by the Governing Board of the National Registration Scheme for Assessors of Quality Systems and the Certificate of Achievement provides evidence that you have met the training requirements for registration as an individual assessor under that scheme.

If you wish to register as an individual assessor you should be aware that the certificate issued will only be acceptable as evidence, for auditor certification, for a period of **five** years from the final day of the course you attended.

I hope you enjoyed the course and found it worthwhile. Should you require any information on our other training courses, please do not hesitate to contact me.

Yours sincerely

Paul J. Robere, Ph.D.

President

ISO Principal Auditor Number A013992

# ROBERE & ASSOCIATES (THAILAND)

## *Certificate of Achievement*

This is to certify that

**Muhammed Fakhar Mueen**

Has successfully passed all the course assessment requirements

**QMS ISO9001:2015 Lead Auditor  
Training Course**

**Course ID:18096 Certified by CQI-IRCA**

**Held in Saudi Arabia**

Presented by

**Robere & Associates (Thailand) Ltd.**

**(Approved Training Partner No:01180438)**

This course is certified by the CQI-IRCA and satisfies part of the formal training requirement for individuals seeking registration under the IRCA Auditor Registration Scheme. Certificates of successful completion are valid for five years from the last day of the course.

Certificate No.1094
