- Incident Investigation & Root Cause Analysis
- Emergency Response Planning
- Safety Auditing & Inspections
- Behavior-Based Safety (BBS) Programs
- Permit-to-Work (PTW) Systems
- Construction Safety Management
- Fire Prevention & Protection
- Safety Training & Development

WORK EXPERIENCE

Safety Officer

Saudi Arabia

Al Yusr Industrial Contracting Co.

April 2024 - Present

- Conduct daily toolbox talks and weekly safety meetings to reinforce safety protocols and address immediate concerns.
- Perform daily site inspections of work conditions, equipment, and personnel, advising on corrective actions to mitigate identified risks.
- Spearheaded proactive safety initiatives that decreased on-site incidents by 25% within the first six months.
- Enhanced incident response strategies, resulting in a 50% reduction in emergency reaction time.
- Achieved and maintained a 95% compliance rate with client safety KPIs through diligent monitoring and reporting.
- Prepare and submit detailed Monthly Safety Reports to clients, ensuring data accuracy and transparent communication of safety performance.

Ebda Al Shahama Est

Saudi Arabia

Safety Officer

September 2023 – April 2024

- Led targeted safety awareness campaigns that resulted in a 20% decline in recordable workplace hazards.
- Increased Personal Protective Equipment (PPE) compliance to 98% across all teams through regular training and rigorous site monitoring.
- Optimized site safety monitoring processes, leading to a 15% improvement in the speed of hazard identification and reporting.
- Coordinated with project management to establish and track site-specific safety goals, enhancing the overall project safety culture.
- Developed and maintained comprehensive safety documentation, including inspection logs, incident reports, and training records.
- Conducted regular safety drills and emergency preparedness exercises, improving worker response and coordination.

URC Construction Pvt Ltd

India

Safety Engineer

September 2021 - August 2023

- Developed and implemented a comprehensive, site-specific safety plan that reduced accident rates by 30% within the first year.
- Introduced streamlined incident reporting mechanisms, leading to a 25% faster issue resolution time.
- Improved hazard detection accuracy by 40% by implementing new risk assessment procedures and employee feedback channels.

- Designed and executed site-specific safety plans, effectively managing risks associated with large-scale construction projects.
- Conducted detailed incident investigations to identify root causes and implement corrective actions to prevent recurrence.
- Facilitated team-based safety discussions and training sessions, strengthening overall safety engagement and knowledge.

A.P.Constructions India Private Limited

India

Safety Engineer

May 2019 - August 2021

- Strengthened safety audit procedures, resulting in a 50% improvement in the early identification of potential risks.
- Drove a 60% increase in worker participation in safety programs through proactive engagement and awareness campaigns.
- Successfully reduced incident occurrence rates by 15% year-over-year through the implementation of preventive safety measures.
- Played a vital role in streamlining safety reporting by integrating HSSE protocols, making data more actionable for management.
- Developed and implemented robust hazard communication programs, including clear labels, signage, and Material Safety Data Sheets (MSDS).
- Enhanced workplace safety protocols across all projects, leading to a safer and more productive working environment.

EDUCATION

Bachelor of Engineering (B.E.) in Electronics and Communication Engineering

Anna University, Ramanathapuram, India

CERTIFICATIONS

- NEBOSH IGC in Occupational Health and Safety
- Diploma in Fire and Safety Engineering
- OSHA and IOSH Certification

TECHNICAL SKILLS

- HSE Software & Reporting Tools
- Incident Management Systems
- Microsoft Office Suite (Word, Excel, PowerPoint)
- Risk Assessment Software
- Document Control Systems
- Safety Management Information Systems (SMIS)
