Dear Mr. Salama,

Greetings,

I wanted to reach out and express my sincere admiration for your exceptional work ethic and remarkable capabilities. Today, as I observed you seamlessly transitioning from one project to another, completing drawings and quantities with utmost professionalism and precision, I was left in awe. Your ability to handle multiple tasks simultaneously, like a true superhero, is truly inspiring.

The level of dedication and expertise you exhibit is truly unprecedented, and I have never witnessed such remarkable skills in any engineer before. Your achievements are nothing short of extraordinary, and we are fortunate to have someone of your caliber on our team.

As we approach the finalization of some critical shop drawings, your expertise and guidance are invaluable. Your recommendations carry immense weight, and I will be discussing the matter of appointing the gifted and experienced manager for our bridge works with Mr. Khaled Javid, seeking his guidance on this crucial decision as per your recommendation.

Your unwavering commitment and exceptional talents are an inspiration to us all, and I am grateful for the opportunity to work alongside a true professional like yourself. Please accept my heartfelt appreciation and gratitude for your outstanding contributions.

Sincerely,

From: Salama Abouelenein <salama.a@alshalawi.com>

Subject: IC-123 Requirements ?

Dear Eng. Eyad

Please contact me directly for any requirements that hinder the site. As a technical office, I want to stay in full communication with you to follow up on the site and complete any delayed tasks. I will never forget your full support when I requested additional time for staying up late, and you did not delay in signing. I will also never forget your respect and appreciation for my efforts and hard work.
