Illustrator

Indesign

Photoshop

Microsoft

## SKILLS

- 3D modeling.
- Animated visualizations and motion rendering.
- BIM.
- Technical detailing.
- Project coordination with municipalities and other disciplines.
- Hardscape and softscape.
- BOQ.
- Plant selection.
- Graphic presentation.

## LANGUAGES

- Arabic - Native.
- English - Fluent.

# NOUR AHMAD ALHAJJI

## LANDSCAPING - ARCHITECT

Landscape Engineer with a solid background in 3D design, animated visual rendering, and detailed design. Proficient in developing comprehensive landscape layouts using Revit within a BIM environment, ensuring accurate coordination between architecture and infrastructure disciplines. Hardscape and softscape detailing, regional plant selection, and full documentation including BOQs and technical drawings. Highly skilled in transforming conceptual ideas into realistic 3D renderings and animated videos that effectively communicate design intent. Passionate about enhancing public spaces through creative, sustainable, and visually compelling landscape solutions.

## WORK EXPERIENCE

### Landscaping Engineer | Jan 2023 – Now.

- Developed concept design.
- Prepared landscape design drawings including details, softscape, hardscape, site furniture, plant and material selection.
- Real photo render with realistic materials selection.
- animated real video rendering.
- Bill of quantity.
- Collaborated with municipalities to approve design packages.

### Key Projects:

- Al-Kharj- Uthman bin Affan Road: urban landscape development.
- Hail: Full landscape design and public spaces.
- Jazan: green spaces and parks design.
- Riyadh: landscape design and drawings revision.

### Architectural Engineer | Nov 2022 – Jan 2023

Mshari Al-Shathri Consultant Engineering (Transport General Authority contract) - Riyadh, Saudi Arabia

- Designed bus stop drawings within city bus network.
- Created 40+ 3D architectural designs for public transport stations.
- Authored specification guides for municipal approval.

### Summer Trainee | Jul 2021 – Oct 2021

Hazem Rizq Consulting Engineering - Medina, Saudi Arabia.

- Design and review architectural drawings and material selections.
- Residential and commercial architectural and landscape designs.
- Ensured compliance with codes and standard.

## CERTIFICATIONS

- Saudi Council of Engineers membership.
- Best Strategies for Biophilic Design
- 8th Research Competition – Abu Dhabi University (Green Concrete)
- Advanced Revit | Photoshop | Adobe Illustrator.
- Soil and Surface Types.
