Tabuk, Saudi Arabia | +966536647320 | thearch91@gmail.com | Transferable Iqama | Valid driving license | Pakistani national (District Swat, Khyber Pakhtunkhwa) | www.linkedin.com/in/arch-mujahid

Profile

Professional Architect with 10 years' experience in architecture, regional planning and supervision of architectural and construction works for offices, residential/ commercial buildings and others. A passion for architecture, construction works & building information modeling (BIM) and integrating cultural identity and innovation into architectural solutions. I am ambitious problem solver with thoroughness who improves my skills and upgrades my methods & knowledge and contribute my expertise to the projects & team works. My responsibilities include planning, designing, reviewing of architectural designs & construction projects, reviewing and approval of material submittals & shop drawings. Supervision of site architectural and finishing works in coordination with other project parties for compliance with the approved specifications and drawings, review progress of executed works, ensuring proper implementation of site quality procedures, technical documentations etc.
