

MOHAMED ZIDAN

5th Aug. 1997, Egy

Riyadh, Saudi Arabia,

+966 57 014 0362

E mail: M7med.Zidan.1@Gmail.Com

Linked In: <https://www.linkedin.com/in/M7medzidan/>

A Civil Engineer with five years of practical experience in technical office work, holding a Project Management Professional (PMP®) certification and registered with the Saudi Council of Engineers. My expertise lies in Quantity Surveying and shop drawing production using AutoCAD and AutoCAD Structural Detailing, contributing to the successful delivery of high-profile projects such as Midor Mall and Al Dress Petroleum Stations. I am looking to utilise my expertise in a challenging role with a reputable company.

Work Experience

Technical Office Engineer Freeway Contracting Company Project: Address Petroleum Stations	Oct. 2023 – Ongoing Riyadh, Saudi Arabia
<ul style="list-style-type: none">• Quantity Surveying: Managed comprehensive quantity surveys for multiple projects, ensuring accurate and detailed quantities that enabled effective budgeting, cost management and project tracking.• Shop Drawing Creation: Created accurate and detailed shop drawings using AutoCAD Structural Detailing, ensuring compliance with project specifications and industry standards, which contributed to improved construction efficiency and reduced material waste.• Invoicing & Preparation of Price Invoices: Manage invoicing processes, including the preparation and timely submission of pricing invoices to support financial workflows.• Bill of Quantities (BOQ) generation: Developed and prepared detailed Bills of Quantities (BOQs) for various projects that included a comprehensive cost breakdown to ensure clarity and accuracy in financial planning.• Weekly Progress Reports: Prepared weekly progress reports to monitor and track the project's ongoing work, ensuring timely updates. These reports were attached to the payment applications submitted to the consultant, ensuring transparency and accurate tracking of project milestones.	
Technical Office Engineer Semco Company For Contracting Project: Midor Mall	Mar. 2022 – Aug. 2023 Cairo, Egypt
<ul style="list-style-type: none">• Quantity Surveying: Managed comprehensive quantity surveys for multiple projects, ensuring precise and detailed quantities that supported effective budgeting and cost management.• Shop Drawing Production: Produced accurate shop drawings using AutoCAD Structural Detailing to ensure designs met project specifications and standards, enhancing construction efficiency and minimizing material waste.• Invoicing & Price Invoice Preparation: Managed the invoicing process, preparing and issuing price invoices to ensure financial accuracy and timely processing.• Bill of Quantities (BOQ) Creation: Created detailed Bills of Quantities (BOQs) for projects, providing a clear and comprehensive breakdown of materials and costs to support effective project management.	
Site Engineering and Technical Office Engineer Al Ikhwan Contracting Building Company Project: Ali bin Abi Talib School	Aug. 2020 – Jan. 2021 Egypt
<ul style="list-style-type: none">• Supervise all activities of residential villas.• Ensure execution of works in accordance with approved drawings, designs and specifications.• Day to day management of the site, including supervision and monitoring of site labour and subcontractor work to ensure compliance with the contract.• Ensure materials used meet specifications and established quality standards.• Quantity Surveying: Manage comprehensive quantities for various projects, ensuring accurate and detailed Bill of Quantities (BOQ) that support effective budgeting and cost management.
