

ABDULALEEM ABOUD

ARCHITECTURAL ENGINEER

PHONE : +966 545 800 460

EMAIL : Abdulaleem.aboud@outlook.com

vCard

I am a LEED-certified Architectural Engineer with a strong passion for innovation and a commitment to delivering purposeful, distinctive designs. My background in sketching and concept development has shaped both my academic journey and professional outlook, where architecture goes beyond function to engage with its context and convey meaning. I believe that impactful architecture lies in the balance between sustainability, aesthetics, and purpose. I approach each project with precision and clarity, ensuring that every element contributes to the overall vision. With a focus on responsible design and long-term value, my goal is not only to build but to create spaces that endure and inspire.
