Career Objective

Chief Surveyor / Survey Department Manager with over 11 years of progressive experience in surveying, team leadership, and project management across mega infrastructure and development projects in Egypt and KSA. Proven ability to lead multidisciplinary teams, deliver precise surveying data using advanced equipment and software, and ensure project objectives are met on time and within budget. Seeking to leverage expertise to contribute to a leading organization's success as a Survey Department Manager.

Professional Experience

Chief Surveyor – Madarek Consulting Company, Riyadh, KSA

July 2023 – Present

- Leading survey operations for high-profile projects: Boulevard World Riyadh, City Walk Jeddah, Club World Cup, and renovation of major stadiums (King Abdullah Sports City, Kingdom Arena, King Abdulaziz Stadium, King Fahd Stadium, Al Malaz Stadium).
- Supervising and mentoring junior surveyors; ensuring adherence to best practices and industry standards.
- Integrating survey requirements with engineers, architects, and project managers for seamless execution.
- Utilizing advanced equipment (Total Stations, GPS, drones) to ensure accuracy and reliability of survey data.
- Producing maps, charts, and reports to support project delivery and client requirements.

Chief Surveyor – Site Company for Contracting, Riyadh, KSA

Jan 2019 – June 2023

- Managed surveying operations for infrastructure projects (Al-Hallafi Residential Plan, King Faisal Marine, Al Zolfy Infrastructure, Arfa Area Development).
- Prepared detailed survey deliverables (reports, maps, drawings) for clients and regulatory authorities.
- Implemented policies to optimize efficiency, cost-effectiveness, and compliance of survey activities.
- Provided regular updates to clients and senior management, ensuring project milestones were achieved.
- Guided junior surveyors and conducted client site visits.

Chief Surveyor – Amer Group for Tourism Development, Cairo, Egypt

Mar 2016 – Dec 2018

- Conducted surveying for Porto Sharm, Porto Al Sokhna, and Porto Said projects.
- Prepared and maintained sketches, maps, and survey reports.
- Determined property boundaries using GPS, levels, and theodolites.
- Submitted accurate daily, weekly, and monthly reports on survey data.

Site Surveyor – Power Egypt Company for Soil Engineering, Giza, Egypt

Jun 2013 – Feb 2016

- Participated in mega projects including Aswan Bridge, New Suez Canal, Rod Al Farag Ring, Metro Stations, and Zohr Gas Field.
- Collected and analyzed land survey data; produced AutoCAD files and spatial reports for project teams.
- Maintained and calibrated survey equipment; ensured accuracy and reliability of results.
