

Abdullah Aqeel Alresheedi

Al Qassim, Saudi Arabia | ksa.2030.2023.p@gmail.com | +966557250334

PROFESSIONAL SUMMARY

Civil Engineer with a Bachelor's degree in Civil Engineering (Class of 2025, GPA: 4.84/5 – Excellent with Honors) from Unaizah Colleges. Skilled in roadworks, drainage systems, structural basics, and project supervision. Completed training at Al Qassim Municipality in the departments of roads, building, projects, and stormwater drainage, achieving an excellent evaluation from the field supervisor. Proficient in AutoCAD, technical reports, quantity surveying, and quality control. Strong communication and problem-solving skills with certified training in teamwork and conflict resolution. Seeking an entry-level civil engineering position to apply technical knowledge and contribute to infrastructure development projects.

EDUCATION

Unaizah Private Colleges

Al Qassim, Saudi Arabia

Bachelor's degree in Civil Engineering

Graduation year 2025

GPA: 4.84 / 5 (Excellent with Honors)

INTERNSHIP EXPERIENCE

Al Qassim Municipality – Civil Engineering Intern

02/2025 – 04/2025

- Assisted in supervising road construction, asphalt layers, and compaction tests.
- Participated in reviewing drawings and technical specifications.
- Contributed to stormwater drainage projects and field inspections.
- Prepared daily reports and quantity estimations.
- Earned an Excellent evaluation from the field supervisor.

Shibh Al-Jazeera Cement Factory – Site Visit.

2025

- Observed cement production stages and laboratory testing procedures.
- Prepared a technical report on quality control and production processes.

SKILLS & LANGUAGES

Technical Skills:

- Road Engineering (pavement design, asphalt layers, compaction testing, quality assurance).
- Stormwater Drainage Systems (design principles, inspection, and implementation).
- Structural Engineering Basics (structural analysis, concrete technology, construction methods).
- Reading and Interpreting Engineering Drawings.
- Quantity Surveying and Cost Estimation.
- Materials Testing (soil, asphalt, and concrete).

- Quality Control and Safety Procedures.
- AutoCAD (2D drafting and technical drawings).
- Microsoft Office Suite (Excel, Word, PowerPoint – engineering documentation and reporting).
- Project Supervision and Site Inspection.
- Report Writing and Technical Documentation.

Soft Skills:

Problem-Solving, Critical Thinking, Communication, Teamwork, Time Management, Leadership, Conflict Resolution.

Languages:

Arabic (Native), English (Good – Reading, Writing, and Communication).

LICENSURES

- **Membership Certificate** – Saudi Council of Engineers.
- Engineering Readiness Exam – Qiyas.

COURSES & CERTIFICATES

- Graduated with Excellent with Honors (GPA 4.84/5).
- Recognized with Certificates of Excellence during academic journey.
- Received Outstanding Evaluation from internship supervisor at Al Qassim Municipality.
