Core Experiences:

Saudi Arabia	United Arab Emirates	Philippines
10 Years (and Counting)	1 Year & 9 Months	2 Years & 8 Months

Current Position : **Sr. HSE Supervisor**

Personal Background:

- ❖ An Occupational Health & Safety professional capable of taking management, coordinating duties and leadership roles. A very reliable, hard worker and flexible person having the ability to effectively work in a multicultural environment. Have broad experience, strong interpersonal skills, extensive training and outstanding knowledge for occupational health & safety matters.

Brief Summary of Qualifications:

Spent more than 14 years in the field of Occupational Health, Safety & Environment and in Operations. Previously connected with Northern Star Fuel Facilities Solutions, Inc. as **Field Operations Head**. Got a job as **HSSE Supervisor & Admin** under the projects of **SNC – Lavalin/ S.A. Kentz** which is owned by Saudi Aramco: namely, **Khurais Central Processing Facilities Expansion & Satellite GOSP (P692)** and **Shaybah's Onshore Maintain Potential Project (OMPP 672)**, where the scope of work involved GOS Plant expansion, developing oil wells - trunk line, flow lines and shut down activities of Gas Oil Separator Plants. Had worked as **OHS Head** under **Monocrete Construction Philippines, Inc. (MCPI)** – Ready Mix Concrete Facilities, Warehouse, Pre-cast & Rebar Facilities and the company's High Rise Construction Project – Tower 4 of **Ultima Prime Residences** – a project owned by Crown Regency Management. Also, had the chance to work with **M.S. Al Suwaidi Industrial Services Ltd. Co.** where I was assigned as **Environment, Health and Safety (EHS) Coordinator** to **Saudi Iron and Steel Co (HADEED)**, Jubail, Saudi Arabia. I started my HSE career with the **CCIC (Consolidated Contractors International Company)** as **HSE Officer** in one of its **oil and gas construction project**.

Has good knowledge and background in assessing risks, hazard identification and area safety management with broad knowledge on **Construction Safety, Oil & Gas and Petrochemical Construction and Industry, First Aid** and **Occupational Safety & Health**.

Duties include but not limited to area safety & health supervision, company representation, project management coordination, area safety inspection, recommendation & management, hazard recognition and verification, accident/ incident investigation. Adviser in Occupational Safety Committee, Verify Work Permits issued and inspects on-going construction projects, submission of daily, monthly report and other necessary OHS documents. Has the ability to promote the professional development of Safety and Health within the work environment and exemplify a positive proactive attitude towards achieving and maintaining risk free working conditions.

Career Objectives:

- ❖ To be able to continuously impart the relevance of Environment, Health and Safety Programs of the company which is designed to protect the well-being of the workers, organization's properties and preserve & protect the environment.
- ❖ To work in an organization wherein health, safety and environment management skills, knowledge & training can be effectively practiced and enhanced.

Area of Expertise:

✓ Risk Assessment/ Management	✓ Accident/ Incident Investigation	✓ Site Management & Coordination
✓ Hazards Identification	✓ HSE Documentation	✓ Practical Approach Solution
✓ OHS Audit & Inspections	✓ H&S Campaign	✓ Monthly Reporting
✓ HSE Trainings	✓ Compliance Monitoring	✓ Personnel Mentoring

Professional Certifications, Trainings & Affiliations:

- **ISO 45001:2018 Certified Lead Auditor** (Auditor ID No.: OHSMS-1122025-36)
- **NEBOSH IGC** (On-going)
- **1-Year Professional Diploma in Occupational Safety, Health & Environment (PDOSHE)** – Diploma Course recognized by the **Saudi Council of Engineers**
- **Certified Master Trainer** – Al Salam Training Center (acknowledged and authorized by Highfield Qualifications Educational Institution)
- **Bachelor of Science in Physical Therapy** (Allied Medical Science Course) Graduated at **Southwestern University**, Cebu City, Philippines
- **IOSH - Managing Safety Course** (through Brilliance Unlimited, Inc., Jubail, KSA)
- **OSHA 1926 CFR, 30 Hour Construction Industry Safety Training Course** (In House Training conducted by Consolidated Contractors International Company, Abu Dhabi UAE)
- **FPSO & Oil Rig Safety Assessor Course** – Certificate # N04930GSC – Conducted by Oil & Gas Safety Council Ltd., through Infuse HSE Training Services, Accredited Center No. 0047
- **OHSAS 18001:2007 Internal Auditor Awareness Training** (SGS Inspection Services Saudi Arabia Ltd., Jubail, KSA)
- **Process Safety Management (PSM)** – Training course initiated by Safety First Training & Consultancy, Cebu City, Philippines
- **Basic Occupational Safety and Health (BOSH SO Level 2)** initiated by Trainovate.
- **Construction Safety Training - license #CSTNet-14-31-1446** initiated by OSHNet CV Inc., Phils.
- **Certified Safety Officer** under the Training Course approved and acknowledged by the **International Governor's Board of Accreditation (IGBOA)** and the **International Association of Drilling Contractors (IADC) under Rigpass Program and IADC-DIT** (through RODECH Training Services Link Int'l Inc.)
- Comprehensive Training Course for **Health, Safety and Environment Officers and Engineers** (through RODECH Training Services Link Int'l Inc.) Under **DOLE-BWC No.1030-050302-0041**
- Professional Member, **International Association of Safety Professionals (IASP)** – Philippines Chapter
