ABOUT ME

Detail-oriented Civil Engineer with over 5 years of experience in construction, contracting, and project management across large-scale developments, including Neom Residential Community, Administrative Capital projects, and healthcare facilities. Skilled in site supervision, project coordination, quality assurance, and cost optimization. Adept at interpreting and reviewing design drawings, managing subcontractors, and ensuring compliance with safety and regulatory standards. Proven ability to deliver projects on time, within budget, and with high-quality outcomes.

WORK EXPERIENCE

Kayan Contracting Solutions | Mar 2025 – Aug 2025

Site Engineer

- Managed civil works at S2 Station and Mansoura 9 in the New Administrative Capital.
- Supervised underground tank implementation, finishing, and landscaping works.
- Reviewed and approved design drawings to align with project specifications.
- Conducted inspections and ensured high-quality final testing.

Alfanar Projects (Zivra Technologies – Third Party) | May 2024 – Dec 2024

Site Engineer

- Led civil works at Neom Residential Community (NRC26) and NC1 Expansion.
- Executed concrete, finishing, and landscaping works.
- Oversaw installation of prefabricated buildings and swimming pool works.
- Coordinated teams to improve productivity and ensured safety compliance.

Inshat Nukhba Contracting | Sep 2023 – April 2024

Site Engineer

- Subcontractor engineer for Alfanar Projects (Neom NRC26).
- Managed concrete, landscaping, and finishing works.
- Reviewed technical drawings and coordinated site activities.

Islamic Contracting Corporation | Oct 2021 – July 2023

Site Engineer

- Oversaw projects in healthcare facilities (Ophthalmology Hospital, Kafr Saqr Hospital).
- Supervised installation of HVAC, fire alarm, medical gas, and electrical systems.
- Conducted cost studies, project documentation, and secured government approvals.

Engineering Office for Design & Consultancy (Part-time) | June 2022 – July 2023

Consultant Site Engineer

- Supervised sanitary, electrical, and finishing works.
- Prepared project extracts and managed inventory.
- Guided engineering teams to ensure timely project delivery.

Freelance & Training Work | June 2019 – May 2021

Trainer Engineer

- Designed architectural renderings and managed building permits.
- Supervised residential project execution with focus on quality control.
