Professional Experience

Experienced civil engineering professional with a progressive career from Site Engineer. Demonstrates strong expertise in fast-track, plan-based construction execution, team coordination, and on-site project delivery. Skilled in communication, planning, organization, and decision-making, with a sharp analytical approach to problem-solving and project management.

Well-versed in handling site activities, managing teams, and coordinating with clients, consultants, and contractors. Proven ability to maintain timelines, control resources, and ensure quality standards across all phases of construction.

Professional Experience

1. Site Engineer

KDC ENTERPRISES

December 2020 – June 2025

- Assisted in daily site supervision to ensure construction work followed approved plans and specifications.
- Monitored labor activities and supported the site in maintaining workflow and discipline.
- Reported daily work progress, labor deployment, and minor issues to senior engineers.
- Conducted quality checks for concrete, reinforcement, and formwork as per checklists.
- Ensured adherence to safety guidelines and supported safety audits on site.
- Maintained site records, including work checklists, inspection logs, and daily diaries.
- Gained hands-on exposure to execution activities such as layout marking, shuttering, steel fixing, and concreting.
- Coordinated with architects, consultants, and contractors to resolve technical and design-related queries.
- Verified material quality and ensured timely procurement to prevent project delays.
- Assisted in preparing Bar Bending Schedules (BBS) and verified reinforcement placement at site.
- Supervised concreting operations, including slump testing and cube casting for quality assurance.
- Monitored formwork, scaffolding, and shuttering to ensure structural safety and compliance.
- Prepared and reviewed measurement sheets for billing and quantity estimation.
- Supported project planning by updating progress reports and assisting in preparing weekly/monthly schedules.
- Handled inspection visits by clients and consultants, ensuring compliance with specifications.
- Coordinated with subcontractors and vendors to streamline workflow and resource allocation.
- Supervised finishing works such as plastering, tiling, painting, and flooring to ensure quality standards.

Education

- **Bachelor of Engineering in Civil Engineering**
Singhania University, Graduated: 2022
- **Diploma in Civil Engineering**
Maharashtra State Board of Technical Education (MSBTE), Graduated: 2019
- **Secondary School Certificate (SSC)**
Maharashtra State Board of Secondary and Higher Secondary Education, Graduated: 2016

Projects

1. **Professional Projects**
 - **Central Heights** – Residential High-Rise Development

- **SK Valley** – Residential High-Rise Project with Integrated Amenities

2. Academic Project

Project Name: Sewage Water Treatment Plant

- **Purpose:** The project was designed for the recycling of wastewater to reduce water scarcity and promote sustainable water management. It aimed to minimize environmental impact and reduce the dependency on freshwater sources.
- **Objective:** To treat and reuse wastewater efficiently, making it suitable for secondary purposes such as irrigation and cleaning. The project also aimed to spread awareness about water conservation and eco-friendly practices.

Honors and Awards

- **Maulana Mukhtar Ahmed Nadvi Technical Campus, Malegaon** **October 2019**
Won Most Innovative Team Award for organizing the Marketing & Advertisement event as part of a campus competition.
