Eng Abdulla Mohammed Saif**Date:** 20/03/2002
Ref. No.: TP/0202/078**CERTIFICATE**

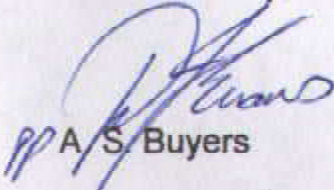

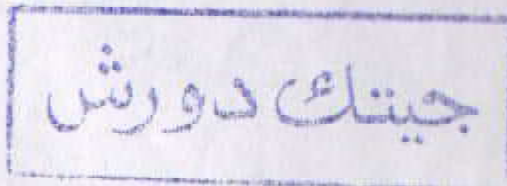

Dear Sir,

We wish to inform you that we are very satisfied with the performance of Eng Saif, who joined the project as site engineer on behalf of the contractor, a joint venture between messrs Arab Contractors and Kahlan Company, to work alongside GITEC/DORSCH JV Consultant, in January 2001. Initially office based, this has been followed by continuous site work until the present.

During this period, Eng Saif has contributed significantly to the current good progress of the works. His helpful control in the day to day supervision of the sewer laying work in extremely arduous conditions, with limited plant and labour at his disposal is a credit to his character. Also he has shown a good ability to overcome and solve problems / natural obstacles placed in the line of his work.

We would have no hesitation in recommending him for his good work on this project and we wish him every success in the future.

Yours faithfully,

A/S Buyers

Team Leader, Yarim

التاريخ :

To Whom It May Concern

This is to certify that Eng. Abdullah Mohammed Saif, Yemeni nationality, was employed with us as in the capacity of civil Engineer, from 16.01.2001 till 17.07.2003 in the following projects: -

1. Yarim Water & Sanitation Project from Jan 2001 till Sep 2001 as a Quantity Engineer.
2. Yarim Water & Sanitation Project from Sep 2001 till Dec 2002 as a Site Engineer for sewer network.
3. Yarim Labour Intensive Project from March 2003 till Jul 2003 as a Site Manager.

Eng. Abdullah Mohammed Saif during his work was in a good conduct and behavior.

This certificate is given to him upon his request without any liabilities on the part of this company.

Thank you.

Yours faithfully,

Mufid T. Sehwaile
Projects Director General

To whom it may concern

This is to certify that Mr Abdullah Saif has worked with the IIP project from 2004 until December 2006.

Mr Abdullah worked as Site Inspector of works in Zabid. As such, he was in charge to coordinate and supervise the Contractor's day to day activities in the field. On average one Site Inspector oversees at least two contracts.

The works were financed through a loan agreement with the World Bank. Hence, contracts were based on the World Bank Standard documents for smaller works.

During his employment mr. Abdullah has demonstrated:

- Integrity and reliability
- Knowledge of and insight into civil engineering designs and construction practices
- Computer literacy (Excel, Word, Internet and Outlook)
- Dedication to his work
- Knowledge of International Conditions of Contract (including: payment certification, compensation events, variations, work programming, completion certificates, etc.)
- Timely and accurate submissions to the Resident Engineer
- Team spirit
- Very good knowledge of English language

The termination of Mr Abdullah's contract with us is due to completion of the project. We highly recommend him for similar tasks to those described above.

We wish him good luck in finding future employment.

Sincerely,

ARCADIS Euroconsult
