PROFESSIONAL SUMMARY

Dedicated Civil Engineer with 5 years of experience in design, structural analysis, and site supervision. Proficient in utilizing advanced engineering tools like AutoCAD and STAAD.Pro. Expertise in high-rise construction, MEP coordination, and project execution as per GCC construction standards. Seeking a challenging role in infrastructure and real estate projects in Saudi Arabia.

CORE COMPETENCIES

Civil & Structural Engineering (GCC Standards) | Project Planning & Execution | Site Supervision & Inspection | AutoCAD & STAAD.Pro | High-Rise & Infrastructure Projects | Procurement & Cost Estimation | Quality Control & HSE Compliance | MEP Coordination | Team Leadership & Client Coordination

GULF EXPERIENCE

CHINA GEO- ENGINEERING Co SAUDI (August 2022--December 2024)

Project : Maaden site development project
Designation : Civil Engineer

DUTIES AND RESPONSIBILITIES

- Controlling of all site activities under supervision of Senior/Lead Engineers.
- Monitoring of actual execution of the project as per the specifications required.
- Checking of Bill of Quantity as per the standard drawing available.
- Quality control of each item of the contractor as per the given specification and structural details
- Implement quality control systems, conduct inspections, and ensure adherence to standards. Coordinates with other project disciplines.
- Monitor the work progress and report to management on weekly, monthly basis and make recommendations for improvements.
- Assess and assign resources and manpower accordingly.
- Supervise construction activities, ensure compliance with safety and design standards.
- Visit the site, check the work progress and keep track.
- Update the work progress in daily basis.

- Keeping in touch with the clients in daily basis to give them update of Actual progress work.
- Maintaining a good relationship with the workers, suppliers and clients.
- Aim to finish the work as per the schedule

LINK SPACE DESIGN WORLD (April 2020 – June 2022)

- Projects :
1. KOWKUTLA PRABHAKAR REDDY AND ANOTHER at JEEDIMETLA VILLAGE, Hyderabad, Telangana, which has an area of about 325.2 SMT and consists of Stilt +4 upper floors, Wide Permit No: 2/C15/11020/2020, Dated:20/06/2020
 2. A PADMA AND ANOTHER at BHASKAR RAO NAGAR, Hyderabad, Telangana, which has an area of about 313.5 SMT and consists of Stilt +4 upper floor, Wide Permit No:2/C1/09763/2021, Dated: 18/08/2021
 3. YANNU AKHILA AND ANOTHER at VENKATESHWARA NAGAR, KOWKOOR OLD VILLAGE, KOWKOOR, HYDERABAD, Telangana, which has an area of about 603.77 SMT and consists of 1 STLIT +5 upper floors, Wide Permit No: 2/C27/04877/2023, Dated:27/05/2022

Designation : Civil Engineer

DUTIES AND RESPONSIBILITIES

- Liaised with consultants, subcontractors, supervisors, and the general workforce for smooth project execution.
- Developed cost-effective solutions and proposals for infrastructure and residential projects.
- Managed contract design documents and ensured adherence to client and architectural requirements.
- Served as the main technical advisor on construction sites for subcontractors and workers.
- Checked plans, drawings, and material selection to ensure compliance with quality standards.
- Utilized AutoCAD and STAAD.Pro for precise structural design and drafting.
- Conducted feasibility studies and site investigations to optimize construction processes.
- Coordinated multiple construction projects from initiation to completion.
- Monitored project progress and resolved on-site issues to meet deadlines.
- Conducted regular quality checks to ensure adherence to construction standards and client specifications.
- Reviewed design specifications and recommended modifications for improved feasibility.

EDUCATION

- **Bachelor of Technology (B.Tech) in Civil Engineering**
Guru Nanak Institute of Engineering and Technology, JNTUH (2016)
- **Intermediate (M.P.C)**
Narayana Junior College, Telangana (2012)
- **SSC (Board of Secondary Education, Telangana)**
Sri Krishnaveni Talent School (2010)

CERTIFICATIONS & TRAINING

- **AutoCAD** – Autodesk Certified User
- **STAAD.Pro** – Structural Analysis Certification
- **Building Construction & MEP Training** – EPC Concept on High-Rise Projects

PERSONAL DETAILS

- **Languages:** English, Hindi, Urdu
- **Willing to Relocate:** Any location in Saudi Arabia
- **Current Address:** Dammam

DECLARATION

I hereby declare that the information provided is accurate to the best of my knowledge.
