## Dear Recruiting Officer

I am writing to express my strong interest in bringing my expertise and professional background to your organization. With over 8+ years of experience as a Civil QA/QC Specialist, I have successfully managed quality assurance, project supervision, and regulatory compliance for large-scale infrastructure and construction projects in Saudi Arabia and Pakistan. My experience spans across implementing ISO 9001:2015 standards, conducting on-site inspections, and managing Project Quality Management Systems (PQMS) to ensure seamless project execution.

In my previous roles, I have consistently delivered high-quality project outcomes, ensuring technical accuracy through method statements, inspection test plans (ITPs), and material testing while maintaining close coordination with stakeholders. I take pride in driving operational efficiency by resolving non-conformances (NCRs), optimizing construction workflows, and ensuring HSE compliance in challenging environments. My hands-on expertise with tools like AutoCAD, Aconex, and Microsoft Office Suite, along with certifications such as NEBOSH IGC and ISO 9001:2015, strengthens my ability to exceed project and quality goals.

I am passionate about applying my skills to complex projects where precision, strategic thinking, and team collaboration are critical to success. I am confident that my strong technical expertise, leadership in QA/QC procedures, and commitment to continuous improvement would make me a valuable asset to any engineering team.

I would appreciate the opportunity to contribute to your organization and discuss how my experience aligns with your needs. I am available at your convenience via email at [amjadali3991@gmail.com](mailto:amjadali3991@gmail.com) or by phone at +966 5093 75965. Thank you for your time and consideration.

3. Semester Grade Point Average (SGPA)

The semester grade point average (SGPA) is calculated by multiplying the grade points earned in a course with the number of credit hours of that course, taking the sum of such products for each course taken in that semester and finally dividing the result by the total number of credit hours registered in that semester.

4. Cumulative Grade Point Average (CGPA)

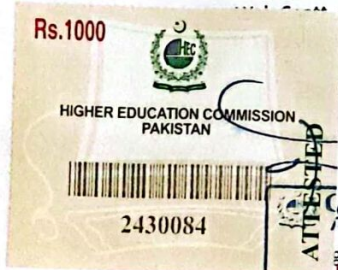

The cumulative GPA (CGPA) is calculated similarly (as that for SGPA) for all the courses taken in all the semesters of the degree programme.

5. Medium of Instructions
