📍 Jeddah, Saudi Arabia

🌐 Khaled Alzuhaifi

Professional Summary

Motivated Mechanical Engineering graduate with a strong foundation in mechanical systems design, thermodynamics, and solid mechanics. Proficient in AutoCAD 2D drafting and experienced in hands-on mechanical assembly, testing, and troubleshooting. Demonstrates analytical thinking, team collaboration, and adaptability under pressure. Eager to apply technical knowledge to real-world engineering challenges.

Education

Bachelor Degree in Mechanical Engineering,
Don Mariano Marcos Memorial State University
secondary school, Hiteen

2024
Philippines

2015
Jeddah, Saudi Arabia

Professional Experience

Automotive Systems Testing & Maintenance

2022 Jan – 2024 Jun

- Disassembled and reassembled automotive engines and components to identify mechanical faults.
- Familiar with mechanical testing tools and basic electrical system diagnostics.

Capstone Project: Glass Powdering Machine, Mechanical Engineering Department

2023 Aug – 2024 May

- Designed and built a portable machine to crush glass waste into powder for concrete use.
- Drafted machine components using AutoCAD; integrated crusher, gasoline engine, rectangular tube, and frame.
- Achieved 90% efficiency with over 20 kg output per 30 minutes using just 250 ml fuel.

Marketing Manager, GLITTER COMPLEX

2025 Jul – 2025 Aug
Al-muzahmiyya

- Created and managed social media and WhatsApp ad campaigns with tailored content.
- coordinated the designer and the photographer to deliver engaging, on-time content
- achieved 30% sales growth in two months through effective marketing initiatives

Additional Experience

ESL Instructor

2020 Jan – 2021 May
Philippines

Delivered structured English lessons focused on communication skills.

Certificates

- Bachelor of Science in Mechanical Engineering
- BOSH: Basic Occupational Safety and Health
- COSH: Construction Occupational Safety and Health
- Engineering Drawing Using AutoCAD (2D)

Skills

Technical Skills

- AutoCAD 2D Drafting
- Mechanical System Diagnostics
- Machine Assembly & Disassembly
- Microsoft Office Suite
- Computer Hardware Troubleshooting

Soft Skills

- Analytical & Critical Thinking
- Team Collaboration
- Time Management
- Communication
- Resilience Under Pressure

Languages

- Arabic (Native)
- English (Fluent)
