Hatem Shalalda

Civil Engineer | 5 Years of Experience in Buildings & Infrastructure

Hebron, Palestine | +970 592679452 (WhatsApp) | ✉ hatemshalaldah09@gmail.com

Nationality: Palestinian / Jordanian | Driving License | Member of Engineers Syndicate

Professional Summary

Civil Engineer with 5 years of experience in buildings, infrastructure, wastewater treatment, and construction supervision. Skilled in site management, quality control, surveying, and preparing technical reports. Experienced in projects in Saudi Arabia and Palestine, with strong knowledge of building codes, finishing works, and laboratory testing. Seeking a challenging role in Saudi Arabia to contribute expertise in construction supervision and project execution.

Work Experience

- **Building Inspector** – Beit Fajar Municipality, Bethlehem (Aug 2024 – Aug 2025)
 - Conducted on-site inspections ensuring compliance with technical specifications and municipal regulations.
 - Reviewed building permits and monitored existing buildings.
 - Performed surveying works using GPS for roads and lands.
- **Site Supervisor** – Arab Supply & Trade Co. (Astra Construction), Saudi Arabia (Feb 2015 – Sep 2015)
 - Supervised infrastructure and road construction projects.
 - Monitored quality of work and construction materials.
 - Prepared technical reports and conducted quantity calculations.
- **Site Engineer** (Wastewater Treatment Plant) – ARIJ & DTD Company, Bethlehem (Sep 2013 – Feb 2015)
 - Prepared daily, weekly, and monthly project reports.
 - Ensured implementation according to engineering plans.
 - Conducted material inspections and quantity calculations.
- **Laboratory Technician** – Construction Center for Materials Testing, Hebron (Jul 2012 – Aug 2013)
 - Conducted laboratory tests on soil, asphalt, and concrete samples.

CV

- Ensured compliance with required standards.
- **Teaching Assistant** – Palestine Polytechnic University (2018 – 2020)
 - Assisted in teaching practical civil engineering courses.

Education

- B.Sc. in Civil Engineering – Near East University, Cyprus, Türkiye, 2017
- Diploma in Civil Engineering – Palestine Polytechnic University, 2012
- High School (Tawjihi) – Sa'ir Secondary School, Palestine, 2009

Graduation Project: Structural Design for a Residential Building (Grade: 85%)

Skills

- AutoCAD, Microsoft Office (Word, Excel, PowerPoint)
- Quantity surveying & cost estimation
- Site supervision & quality control
- Reading and preparing engineering drawings
- Surveying & leveling instruments (GPS, Level)
- Construction materials testing (soil, asphalt, concrete, cement, aggregates)
- Strong knowledge of finishing works (tiling, plastering, painting .)

Languages

- Arabic: Excellent (Reading, Writing, Speaking)
- English: Very Good (Reading, Writing, Speaking)
