Professional Summary

"As a specialist in Local Content compliance and tax invoice review, I have actively contributed to multiple projects across Saudi Arabia. My experience includes preparing and reviewing local content documentation, monitoring compliance with in-kingdom value add (IKVA) requirements, and ensuring the accuracy of VAT invoices. I have been responsible for achieving the required local content percentages at both the contract and entity levels, working closely with stakeholders to ensure alignment with regulatory frameworks. Throughout my career, I have collaborated with project teams and finance departments to support compliance, improve reporting efficiency, and maintain accurate and transparent financial records."
