Education

Graphic Era University

Master of Computer Application

Sep. 2022 – July 2024

Dehradun, Uttarkhand

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

Experience

Brain Technosys Pvt Ltd

Software Engineer Intern

August 2024 – Jan 2025

Noida, Uttar Pradesh

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- Designed, developed, and maintained web applications using HTML, CSS, JavaScript, and React.js to enhance user experience and functionality.
- Participated in the full software development life cycle (SDLC) including requirement gathering, design, development, testing, and deployment.

Tap Academy

Full Stack Developer Intern

Jan 2025 – April 2025

Bengaluru, Karnataka

- Implemented Object-Oriented Programming (OOP) principles to build modular and reusable Java components.
- Improved database performance by writing optimized SQL queries and managing MySQL/PostgreSQL databases.
- Collaborated with team members using version control systems such as Git to organize modifications and assign tasks.

Projects

Tour Management System | *Java, HTML, CSS*

January 2023

- Developed a web-based Tour Management System using Java, HTML, and CSS to streamline tour planning and organization.
- Implemented features such as tour date selection, member count management, member name registration, and destination details for efficient tour scheduling.
- Demonstrated strong problem-solving skills and attention to detail in managing complex data inputs and outputs.

Recipe App | *JavaScript HTML/CSS*

November 2023

- Developed a Recipe Finder App using HTML, CSS, and JavaScript to provide users with a seamless platform to search and explore recipes.
- Integrated a third-party API to fetch real-time recipe data, including ingredients, instructions, and images, based on user input.
- Utilized JavaScript concepts such as asynchronous programming (Promises, async/await) and DOM manipulation to handle API requests and dynamically display results.

Technical Skills

Languages: C, Java, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, Eclipse, Google Cloud Platform,

Leadership / Extracurricular

Volunteer, Blood Donation Camp

Graphic Era University

- Volunteered at a Blood Donation Camp organized by Graphic Era Deemed University, contributing to the successful execution of the event.
- Assisted in coordinating donors, managing registration desks, and ensuring a smooth flow of operations throughout the camp.
- Demonstrated strong communication skills, teamwork, and a commitment to social responsibility.
