Professional Experience

HSE SUPERVISOR | AL-Baseel Contracting |Factories Low Procresses unit | MODON Project |Saudia Arabia| June 2025 - Till

- Conduct regular site inspections to identify hazards and unsafe practices.
- Coordinated and facilitated safety inductions, toolbox talks, and training sessions for all workers, ensuring they were well-informed of safety procedures and practices.
- Coordinate routine audits and compliance checks, resulting in sustained OSHA and local regulatory approvals.
- Maintain detailed documentation and reports on safety activities to track continuous improvement.
- Work closely with site supervisors and project managers to address safety concerns

HSE Officer| Fields Modern Solutions Trading & Contracting company (FMSCO) (Doc # WF-108014) Work Order 73 NEOM OXAGON Central – |Saudia Arabia| May 2024 - May 2025

- Led daily safety inspections on construction sites, identifying and addressing potential hazards to ensure compliance with local and international safety standards.
- Coordinated and facilitated safety inductions, toolbox talks, and training sessions for all workers, ensuring they were well-informed of safety procedures and practices.
- Proactively monitored the use of Personal Protective Equipment (PPE) across the site, ensuring all workers were properly equipped to perform tasks safely.
- Played a vital role in the investigation of workplace incidents, documenting findings, conducting root cause analysis, and recommending corrective actions to prevent future accidents.
- Worked closely with project managers and supervisors to implement safety protocols and ensure safety risks were minimized during high-risk operations.

HSE Officer|Masco Group | NEOM Industrial City Earth Work| Saudi Arabia | Jan 2022 – Dec 2024

- Monitored and enforced safety measures during excavation, trenching, grading, and backfilling

operations.

- Delivered toolbox talks on safety, equipment interaction, and prevention of struck-by and caught-in incidents.
- Reported and investigated incidents and near misses related to earthwork activities, ensuring timely corrective actions.
- Develop, update, and implement safety policies and procedures tailored to organizational needs.

HSE OFFICER | Peshawar Construction Company, Mingura Clean Water Gravity Scheme By Asian Development Bank (ADP) | Pakistan | Jan 2020 – December 2021

- ☑ Conducted safety inspections and audits.
- ☑ Identified and reported hazards.
- ☑ Led safety training sessions.
- ☑ Ensured compliance with safety regulations.

Computer Skills

- Proficient in Microsoft Office (Word, Excel, PowerPoint) for safety documentation and reporting
- Skilled in typing and preparing professional reports and incident records
- Experienced in using email and communication platforms for effective coordination
- Familiar with HSE software tools and online safety management systems
- Able to create and manage safety presentations, training materials, and dashboards
- Experienced in data entry and maintaining safety logs and inspection records
- Knowledge of cloud storage tools (Google Drive, OneDrive) for document sharing and backup
- Capable of using online forms and templates for audits, checklists, and risk assessments
- Familiar with video conferencing tools for online safety meetings and training

HSE Projects & Initiatives

- Conducted daily site inspections across multiple projects to identify unsafe conditions, practices, and hazards, ensuring strict compliance with HSE regulations and project-specific safety protocols.
- Assisted in the implementation of safety procedures, daily toolbox talks, and safety awareness campaigns for site workers, ensuring consistent adherence to safety standards.
- Investigated near misses, minor incidents, and accidents, documenting findings, preparing reports, and recommending corrective actions to prevent recurrence.
- Monitored and enforced the use of Personal Protective Equipment (PPE) and compliance with the Permit to Work (PTW) system, ensuring safety during high-risk activities.
- Collaborated with supervisors and managers to conduct risk assessments, implementing control measures to mitigate identified hazards.
- Supported the planning and execution of emergency response drills, including fire, medical, and evacuation drills, ensuring all workers were adequately trained in emergency procedures.

- Maintained up-to-date records of safety meetings, induction training, daily safety observations, and incident reports, ensuring accurate reporting and documentation for compliance audits.
