PROFILE

Career Summary

I have over **5 years of combined experience as a civil engineer**. In my role, i have effectively utilized **PRIMAVERA P6 (ORACLE)** to develop and manage detailed project schedules, monitor progress, And ensure the timely execution of tasks and for Quantity estimation I have used different software's like; **PLANSWIFT, OST, and BLUEBEAM**. My responsibilities have included preparing baseline schedules, regularly updating project timelines, and coordinating with various stakeholders to meet critical Deadlines. Additionally, i consistently supported project managers by providing real-time updates on project progress and Individual activity statuses to facilitate informed decision-making. I also look after for the safety related issues like **Risk Assessment Report, Work Permits, Induction / Orientation Trainings, EHS Reports**.

EDUCATION

01/2016 – 10/2019 **Bachelors of Civil Engineering, Mehran University of Engineering and Technology**
Hyderabad, Pakistan

EXPERIENCE

2024 – present
Jeddah, Saudi Arabia

CIVIL ENGINEER, Petrozone International Consulting Company

Key Responsibilities

- **Schedule Development:** Prepare detailed project schedules using software like Primavera P6 or MS Project, defining tasks, durations, timelines, and dependencies.
- **Progress Monitoring:** Track ongoing project progress, compare actual performance with baseline plans, and update schedules to reflect real-time status.
- **Cross-Functional Coordination:** Collaborate with engineering, procurement, and construction teams to align all activities with the overall project schedule.
- **Progress Reporting:** Generate and share project reports such as Gantt charts, S-curves, and other scheduling metrics to keep all stakeholders informed.
- **Documentation Management:** Maintain accurate and up-to-date documentation for schedule updates, changes, and their impacts to ensure transparency and traceability.
- **Support to Senior Management:** Assist senior planners and project managers with schedule-related tasks and contribute to overall project coordination

2022 – 2024
Jeddah, Saudi Arabia

CIVIL - PLANNING & SCHEDULING ENGINEER, Al Omran Engineering & Consultant (OEC)

Key Responsibilities:

- Prepared and updated comprehensive schedules for design, procurement, and construction phases using Primavera P6, achieving alignment with project timelines and client expectations.
- Conducted cost loading and resource allocation, enabling efficient manpower and equipment utilization.
- Generated detailed Gantt charts, S-curves, and resource allocation reports, ensuring management received accurate project updates.
- Developed advanced Excel-based progress and cost reports, providing visual data representation through bar and line charts for enhanced decision-making.
- Maintained communication with key stakeholders to deliver clear project status updates and align schedules with Aramco project standards.
- Checked actual productivity and compared it with budgeted productivity, reporting findings to the Project Manager.
- Prepared executive progress summary reports and presentations to top management for periodic project reviews.
- Maintained organized and detailed project records.
- Informed the Project Manager in a timely manner regarding delays at the site, whether from our side or subcontractors, and assessed the effects on project completion dates.
- Visited the site two to three times a week, captured progress photos, and submitted them to the client/consultant in a professional manner

2021 – 2022
Jubail, Saudi Arabia

CIVIL ENGINEER,

Hussain Ahmed Al-Mutawa Sons Mutawa Trading & Contracting Co

Key Responsibilities:

- Developed and managed detailed project schedules, ensuring timely completion of milestones and efficient resource allocation.
- Monitored project performance against schedules, identified deviations, and implemented corrective actions to maintain timelines.
- Prepared and analyzed progress reports and forecasts, providing insights and recommendations for informed decision-making.
- Collaborated with project teams, subcontractors, and clients to ensure alignment with project objectives and resolve scheduling conflicts.
- Optimized resource use, including labor and materials, to enhance efficiency and reduce costs.
- Identified potential risks to project schedules and developed strategies to address them proactively.
- Ensured all project documents were up-to-date and compliant with project requirements.
- Applied best practices in project control to monitor and manage budgets, schedules, and quality standards.

2019 – 2021
Karachi, Pakistan

CIVIL ENGINEER, Sachal Engineering Works Pvt. Ltd, Karachi

Key Responsibilities:

- **Schedule Development:** Assisted in creating detailed project schedules using scheduling software like Primavera P6 or MS Project, outlining tasks, timelines, and dependencies.
- **Progress Monitoring:** Tracked project progress, compared actual work against planned activities, and updated schedules to reflect real-time status.
- **Coordination:** Collaborated with various departments, including engineering, procurement, and construction teams, to ensure all aspects of the project were aligned with the schedule.
- **Reporting:** Generated and distributed progress reports, including Gantt charts, S-curves, and other schedule-related metrics, to keep stakeholders informed.
- **Documentation:** Maintained accurate project documentation and records of schedule updates, changes, and impacts to ensure transparency.
- **Support Senior Staff:** Provided support to senior planners and project managers in schedule-related matters and overall project coordination.

SKILLS

Primavera P6 Oracle

Detailed Gantt chart creation, schedule updates, and progress analysis

Stakeholder Communication

Effective reporting and collaboration with clients, contractors, and management teams.

Plan-swift

Pricing for quantity of materials, labors and cost estimation

Microsoft Office

Expertise in formulas, Creating Formulated sheets. Presentation creation, data analysis.

Project Scheduling & Control

Detailed Gantt chart creation, schedule updates, and progress analysis

PROFESSIONAL STRENGTHS

- Communication Skills
- Pressure Handling Techniques
- Stress Management
- Team Player
- Problem Solving Skills
- Adaptability with Organization work environment and culture
- Lesson-Learnt-Oriented Behavior

PROJECTS COMPLETED REMOTELY AS FREELANCER FOR QUANTITY ESTIMATION (USA)

- W. NY Police Locker & Entry Addition (United States of America)
- American Center for Physics (United States of America)
- Bank of America (United States of America)
- BrightView Alexandria, 6501 Telegraph Road, Alexandria, VA 22310 (United States of America)
- 400 N Midland Ave Warehouse (United States of America)
- Mejri – Short Hills Mall (United States of America)
- LVMH - Office & Warehouse Renovation (United States of America)
- McClellan One (United States of America)
- Teaneck Kitchens Renovation (United States of America)
- Morristown Medical Center (United States of America)
- Children's Place Consolidation (United States of America)
- Werven Phase 6 Lab (United States of America)
- Robert Treat Academy Kitchen Renovation & Addition (United States of America)
- The Children's Place – Secaucus (United States of America)
