SUMMARY

Operations & Maintenance Manager – Asphalt Plants with 3+ years at Al-Mardouf Contracting Company. Promoted from Asphalt Plant Supervisor (2022–2024) to O&M Manager (2024–present) after consistently meeting production targets, tightening HSE compliance, and cutting downtime through preventive and corrective maintenance. Leads supervisors and technicians, coordinates plant–site supply to keep projects on schedule, and uses performance metrics to drive efficiency and quality.

WORK EXPERIENCE

Al-Mardouf Contracting Company — Operations & Maintenance Manager, Asphalt Plants

Aug 2024 - Present

- Own end-to-end operations and maintenance for asphalt plants to meet production and quality specs.
- Lead supervisors/technicians; plan shifts and resources to minimize downtime and keep equipment efficient.
- Coordinate with project managers to align plant output with site schedules and asphalt demand.
- Enforce HSE standards; run safety briefings and on-site audits.
- Track KPIs and issue reports to drive continuous efficiency improvements.

Al-Mardouf Contracting Company — Asphalt Plants Supervisor (Operations & Maintenance)

Oct 2022 - Aug 2023

- Ran daily plant operations to achieve production targets and quality standards.
- Scheduled and executed preventive/corrective maintenance to reduce unplanned stoppages and extend asset life.
- Managed material flow between plant and project sites for smooth supply.
- Implemented safety protocols and monitored compliance.
