bezzaouiaamine2@gmail.com — +216 92 670 863

Tunis, Tunisia

Date of Birth: July 1, 1998

## PROFILE

---

Civil Engineer with a fervor for driving innovation in construction. Proficient in the design and analysis of structures. I am actively seeking opportunities to contribute my expertise to impactful projects, while further advancing my professional skill set.

## EDUCATION

---

**Bachelor's Degree in Civil engineering** Sept. 2020 - July 2023  
*National Engineering school of Gabes, Gabes, Tunisia*

**Preparatory studies** Sept. 2018 - July 2020  
*Higher Institute of Applied Sciences and Technologies of Gabès, Gabes, Tunisia*

## EXPERIENCE

---

**Infrastructure engineer at NEXTROAD STRUCTURES** AUG. 2024 - Present

- Collected, organized, and entered technical data for road engineering projects, ensuring data accuracy and quality in project management systems.
- Ensured precision and compliance of entered data with industry standards and technical specifications.
- Conducted data analyses to identify trends, detect anomalies, and propose process improvements.
- Collaborated with project teams to maintain data conformity with relevant norms and technical requirements.
- Participated in project meetings, providing technical support and expertise in data management.

**Field Engineer at AB Geotech** August. 2023 - August 2024

- Study and design of roadway.
- Verification of the stability of excavations and embankments.
- Assessment of rock stability.
- Analysis of soil characteristics.
- Design of suitable foundations.
- Management of geotechnical risk

**INTERNSHIP at CEAT Tunisia** FEB. 2023 - JUNE 2023

- Study and design of a 26 km section of highway between Tunis and Zaghouan.
- Determination of the geometric characteristics of the highway (alignment, longitudinal profile, and cross-section)
- Dimensioning of 26 hydraulic structures, using Civil3D.
- Study and design of a prestressed concrete beam bridge.

## LANGUAGES

---

- ✔ Arabic: Native
- ✔ French: B2
- ✔ English: B2

## SKILLS

---

- ✔ Technical: AutoCad 2D -3D, Civil 3D, REVIT , Alize lpc , Global-mapper , GeoStudio Geoslope , geostudio geofond , Arche graitec , Robot structural , Microsoft Office package: Microsoft Word, Excel, PowerPoint, Access
- ✔ Soft Skills: Critical Thinking ,Communication Skills , Team working, leadership, Problem-Solving, Adaptability
