

Mr IRFAN ULLAH

PROFESSIONAL AC TECHNICIAN | REFRIGERATION & CLIMATE CONTROL SPECIALIST

Mobile (KSA): +966504303544 | **Email:** imalik0707@gmail.com | **Location:** Riyadh, Saudi Arabia | **Age:** 24

PROFESSIONAL SUMMARY

Results-driven and safety-focused AC Technician with **6 years of hands-on expertise** in the installation, repair, and preventative maintenance of a diverse range of cooling equipment. Currently based in Riyadh, specializing in advanced diagnostics for commercial and residential units, including FCUs, Cassette ACs, and refrigeration systems (Fridges/Deep Freezers). Proficient in electrical basics and motor winding. Dedicated to maintaining high operational standards and minimizing system downtime in challenging environments.

PROFESSIONAL EXPERIENCE

AC Technician

WBC | Riyadh, Saudi Arabia

- **March 2025 – Present**
- Performs scheduled and emergency maintenance on commercial and residential AC units, strictly adhering to local safety and environmental regulations.
- Specializes in fast and effective **diagnosis and repair** of faults in electrical systems, compressors, and refrigerant circuits for large-scale **Cabinet AC** and **Split AC** units.
- Documents all service activities, parts consumption, and system performance evaluations accurately.

Senior AC Technician

United Refrigeration and AC Works | [City, Pakistan]

- **2022 – 2025**
- Led troubleshooting and repair for critical commercial cooling equipment, including **Deep Freezers** and large **Refrigeration** units.
- Mentored junior team members in advanced fault isolation techniques, improving overall team service efficiency.
- Managed high-complexity repair tasks such as compressor replacements and system recalibration.

AC Technician and Installer

Raja Brothers Electronics | [City, Pakistan]

- **2019 – 2022**
- Successfully installed and commissioned over 150 residential units, primarily **Split AC** and **Window AC** models.

- Performed initial electrical setup, piping, brazing, and refrigerant charging during new installations.

CORE TECHNICAL EXPERTISE

- **AC Systems Mastery:** Expert installation, service, and repair across **Split AC, FCU (Fan Coil Unit), Window AC, Cabinet AC, and Cassette AC** units.
- **Refrigeration:** Experienced in the diagnosis and maintenance of commercial and domestic **Fridges and Deep Freezers**.
- **Electrical & Mechanical:** Highly proficient in electrical circuit diagnostics, component testing (capacitors, relays), refrigerant handling, brazing, leak detection, and specialized **Motor Winding**.
- **Tools:** Skilled in using multimeters, manifold gauge sets, vacuum pumps, and specialized diagnostic equipment.

EDUCATION & CERTIFICATIONS

- **Intermediate in Commerce** | [Institution Name, Pakistan]
- **Diploma: AC Residential and Commercial** | SkillCat (Online)
- **Diploma in Motor Winding with Electrical Basics** | [Institution Name - If known, otherwise remove]
- **Diploma in Computer Application Software** | [Institution Name - If known, otherwise remove]

LANGUAGE PROFICIENCY

- **Fluent:** Urdu, Hindi, Punjabi
- **Professional Working:** English (Speaking, Reading, Writing)
- **Basic:** Arabic (Conversation & Comprehension)
