Objective

Bachelor's degree in Civil Engineering from the Nile Higher Institute for Engineering and Technology, graduating with a GPA of 3.22/4. My professional journey includes site supervision, architectural and structural design, and managing complex infrastructure projects in Egypt and the UAE.

I specialize in construction project management, reinforced concrete structures, and infrastructure development, with proven expertise in quantity surveying, pricing, and cost control. Skilled in using tools such as AutoCAD, Microsoft Excel, and Word to enhance project accuracy and efficiency

Experience

Site Engineer at Modern Buildings Legend Contracting Company)
(Riyadh/Al-Safa District) from 3/1/2025 until now

- Working as an implementation engineer on a skeleton project of 26 villas consisting of 3 models for a real estate development company.
- The implementation works include carpentry and blacksmithing works for all building elements.
- Receive all implementation items and deliver them to the owner
- Preparing steel reinforcement orders for the site
- Surveying and surveying works for subcontractors (carpenters and blacksmiths)
