## SUMMARY

Experienced Civil Site and Draftsman Engineer with strong expertise in site supervision, execution, and preparation of detailed AutoCAD drawings for structural and architectural works. Skilled in coordinating with project teams, ensuring quality construction, and maintaining accurate as-built documentation. Proven ability to manage site activities, review drawings, and deliver projects on time with compliance to design and safety standards.

## WORK EXPERIENCE

### CIVIL SITE AND QUALITY ENGINEER

#### Aadi Homes — 2 Years

- Supervised and executed civil works ensuring compliance with drawings, specifications, and quality standards.
- Conducted quality inspections for materials and workmanship as per project QA/QC procedures.
- Coordinated with consultants and subcontractors to resolve site and quality-related issues.
- Prepared inspection requests (IRs), material submittals, and test reports for approval.
- Monitored site progress, safety practices, and ensured adherence to project timelines.
- Maintained documentation for quality control, handover, and compliance audits.
- Prepared and maintained daily progress reports, material requests, and work schedules.
- Ensured compliance with QA/QC and HSE standards throughout all site operations

#### Civil Draftsman 1 year

#### Minar Consultant and Associates

- Proficient in preparing detailed AutoCAD drawings, plans, sections, and elevations for civil and architectural projects.
- Develop shop drawings, as-built drawings, and coordination drawings in compliance with project specifications and standards.
- Work closely with engineers, architects, and site teams to ensure design accuracy and clarity.
- Review and update drawings based on site modifications and client feedback.
- Prepare reinforcement detailing, layout plans, and structural drawings as per consultant requirements.
- Ensure all drawings follow company CAD standards and layering systems.
- Maintain organized records of drawing revisions and documentation control.
- Assist in quantity take-offs and material estimation from drawings.
- Skilled in AutoCAD, Revit, and MS Office with good understanding of engineering codes and symbols.
- Support the project team in design coordination, submission, and approval processes.
