HSE Manager

Emaar Albader Contracting Co

Nov 2023 – Jan 2024

Associate with Parson/Neom Oxagon Projects

Reported to: Project Manager

Team Size: 9

Workforce Managed: 350 Employees

Project Scope: Cutting, Loading, Unloading, and Haulage, Construction

Responsibilities:

- HSE Leadership: Championed a proactive HSE culture, ensuring team commitment and visible leadership across projects.
- Reporting & Documentation: Managed timely HSE report uploads to the Enablon Neom portal, ensuring accurate compliance records.
- Compliance & Audits: Oversaw adherence to audits and HSE plans, enhancing safety and compliance standards.
- Hazard Control: Conducted inspections to identify and mitigate hazards, promoting a safe working environment.
- Client Coordination: Maintained strong client and team relationships, ensuring effective HSE communication.
- Risk Assessment: Led risk assessments and safety analyses for construction activities, reducing potential risks.
- Incident Investigation: Investigated near-misses, driving actions to prevent recurrence and improve safety.
- HSE Planning: Developed and prepared HSE plans and contingency measures, ensuring operational readiness.
- Procedures & Implementation: Established safe working procedures and implemented HSE systems site-wide.
- Fire Safety Management: Managed fire safety equipment and systems in line with NFPA standards, ensuring safety compliance.
- Performance Monitoring: Achieved HSE targets by monitoring and improving safety performance and practices.
- Equipment Expertise: Ensured the maintenance and readiness of fire safety systems and equipment, adhering to NFPA standards.

Fire and Safety Manager / Health Safety Engineering Department

Millennium Airport Hotel Dubai LLC

Mar 2021 – Sep 2023

Responsibilities:

- Safety Leadership: Championed a proactive safety culture and quality across the hotel.
- Compliance Enforcement: Ensured adherence to fire and life safety regulations and standards.
- FLS System Oversight: Managed FLS systems' inspection, testing, and maintenance plans.
- Maintenance Program: Led preventive maintenance for MEP and fire safety systems.
- Budget Management: Developed annual budgets for fire and safety operations.
- Customer Safety: Enhanced customer service with a focus on safety and stakeholder interests.
- Emergency Plans: Crafted and implemented fire emergency and response strategies.
- Safety Audits: Conducted safety inspections and compliance audits, ensuring corrective action.
- Incident Analysis: Investigated safety incidents to drive continuous improvement.
- Training and Awareness: Conducted training to enhance organizational HSE knowledge and preparedness.

Safety Manager

Al Marzouk Al Sinan Co

Associate company of Saudi Aramco

Dec 2016 – Aug 2020

Responsibilities:

- Leadership & Culture: Led HSE initiatives, embedding a proactive safety culture.
- Program Development: Developed comprehensive HSE programs aligned with Saudi Aramco and regulatory standards.
- Training & Awareness: Executed HSE training and awareness programs.
- Compliance & Auditing: Managed compliance audits to ensure safety and regulatory adherence.
- KPI Management: Set and monitored HSE performance indicators for continuous improvement.
- Incident Management: Directed investigations and analyses for incident prevention.
- Contractor Management: Supervised contractor safety to maintain HSE standards.
- Emergency Preparedness: Created and practiced emergency response plans.
- Environmental Management: Implemented sustainable waste management and environmental practices.
- Stakeholder Engagement: Fostered relationships with clients, contractors, and regulators for effective HSE management.

SAUDI ARAMCO Camps Managed:

- Udhaliyah Community Services: Oversaw operations across a 2,450,000 sq ft area, ensuring optimal service delivery and safety standards.
- Al Hasa Community Services: Directed facility management for a 1,256,000 sq ft community, focusing on efficiency and compliance.
- Dhahran Community Services: Led a team in managing a vast 7,550,000 sq ft area, maintaining high standards of living and safety.
- Abqiq Community Services: Managed a 2,550,000 sq ft area, implementing effective safety and operational procedures.
- Rastanura Community Services, Gas Plant & Refineries: Coordinated services for a 6.22k sq ft area with a workforce of 623, ensuring compliance and operational excellence.

Achievements:

- Formulated and implemented critical safety guidelines enhancing workplace safety standards.
- Spearheaded comprehensive safety training programs for management and staff, fostering a culture of safety awareness.
- Honored with multiple accolades for exceptional contributions as a safety professional.

Safety Manager

TCR Arabia Company Ltd.

Oil and gas Construction Projects

Aug 2011 – Oct 2016

Responsibilities:

- OHSE Policy Implementation: Applied OHSE procedures to uphold safety standards.
- Environmental Liaison: Served as the main contact for environmental concerns.
- Safety Culture Promotion: Led initiatives for a Zero Harm safety culture.
- Safety Plan Development: Drafted safety, emergency, and risk management plans.
- Risk Assessments: Performed risk analyses to ensure construction safety.
- EHS Presentations: Delivered EHS briefings aligned with client needs.
- EHS Audits: Conducted safety audits and equipment checks for compliance.
- Incident Investigation: Investigated near-misses for preventative actions.
- Performance Evaluation: Inspected sites and evaluated contractor safety regularly.
- Regulatory Compliance: Coordinated with environmental authorities for project adherence.

Achievements:

- Led the initiative to achieve OHSAS 18001 and ISO 14001 certifications, showcasing commitment to health, safety, and environmental management.

Senior Safety Engineer

Med Gulf Construction Co (W.L.L.)

Oil and gas Construction

June 2007 – June 2011

Responsibilities:

- Safety System Management: Implemented and maintained 5's system for workplace safety compliance.
- Health Management System Support: Enhanced the company's Occupational Health Management System.
- Confined Space Safety: Managed entry permits, lighting, and ventilation for confined spaces.
- Emergency Preparedness: Ensured effective first aid and emergency response procedures.
- HSEMS Adherence: Monitored compliance with company HSEMS and risk management policies.
- Safety Training: Delivered safety orientation and ongoing education for employees and visitors.
- Risk Analysis: Executed HIRA, Job Safety Analysis, and risk assessments for diverse tasks.
- High-Risk Operation Management: Managed safety protocols for high-altitude installations and heavy lifts.

Safety Engineer

Zenith Constructions (P) Ltd.

May 2002 – May 2007

Scope: Civil Construction, Building Projects, Resorts, Structural Steel Erection Workforce Managed: 846 employees

Responsibilities:

- Safety Compliance: Led safety management for construction projects, ensuring OHSAS 18001 standards adherence.
- Risk Assessment: Conducted risk assessments and safety analyses to minimize risks.
- Safety Training: Delivered over 1.2 million hours of safety training to enhance compliance.
- Audits & Inspections: Regular safety audits and equipment checks ensured high compliance rates.
- Documentation & SOPs: Managed safety documents, SOPs, and incident reports for operational efficiency.
- PPE Management: Ensured proper PPE use, maintaining safety and compliance.
- Stakeholder Engagement: Maintained strong client relationships, aligning with safety goals.
- Incident Analysis: Investigated safety incidents to drive continuous safety improvements.
- Environmental Safety: Integrated environmental considerations into safety strategies.

Achievements:

- Reduced safety incidents with risk management and training.
- Enhanced compliance with international safety standards, including OHSAS 18001.
- Fostered a strong safety culture among 846 employees, improving practices and awareness.

Dear Hiring Manager,

I am writing to express my sincere interest in the Safety Manager / HSE Manager position within your esteemed organization. My previous Designation as HSW Manager at Syno Hydro (Power China), overseeing HSE operations for The Line Piling Projects. With over twenty one years of experience in health, safety, and environmental management across complex construction and engineering projects, I am confident in my ability to contribute significantly to your organization's safety objectives and culture.

Throughout my career, I have led HSE initiatives in high-stakes environments, such as the Millennium Airport Hotel Dubai, and assignments with Al Marzouk Al Sinan Co., an associate company of Saudi Aramco. In my current role, I manage a workforce of over 600 personnel, develop and implement HSE management systems aligned with ISO 14001 and ISO 45001 standards, conduct audits and risk assessments, and drive continuous improvement initiatives across all project activities. These experiences have honed my ability to implement robust safety protocols, lead cross-functional teams, and ensure stringent compliance with international standards, consistently minimizing risks and enhancing workplace safety.

My technical proficiency in MS Word, Excel, and PowerPoint, combined with multilingual capabilities in English, Tamil, Malayalam, and Hindi, allows me to communicate effectively with diverse teams and present critical safety information clearly and efficiently.

I am eager to bring my strategic approach, proven track record in improving safety performance, and dedication to fostering a proactive safety culture to your organization. I would welcome the opportunity to discuss how my experience and skills can contribute to achieving your HSE objectives.

Thank you for your consideration, and I look forward to the opportunity for further discussion.

Sincerely,

Tom Erwin Anura
