SUMMARY

With the hope to polish my career skills and learn in an environment that follows peace, I believe that I am able to work independently as well as part of a team also to utilize my abilities in the field of Electrical Engineering and HSE field. Identifying and resolving health and safety issues. Eager to learn about new roles and safety methods. Looking to continue growing both quantitative and qualitative.

EDUCATION

COMSATS University Islamabad, 2018
Electrical & Telecommunication Engineering

CERTIFICATIONS

- NEBOSH - IGC (UK), OSHA (US), FIRST AID (US), FIRE SAFETY (US)
- Safety Training Certificate - Descon Technical Institute (DTI)

EXPERIENCE

HSE Engineer (Red Sea Approved), 04/2024 - Current
Astra Construction, Saudi Arabia

- Monitor work areas and ensure safe working conditions at the site.
- Investigate and report all accidents and incidents, and provide recommendations to prevent future occurrences.
- Inspect tools and equipment to ensure they are in safe and proper working condition.
- Provide safety orientations and training to new employees as well as existing staff.
- Conduct safety audits and surveys to identify hazards and unsafe working conditions.
- Maintain accurate records of safety activities and incidents.
- Ensure compliance with all applicable laws and regulations related to safety.
- Monitor and maintain safety equipment, such as fire extinguishers, first-aid kits, and breathing apparatus.
- Respond to emergency situations and provide assistance as needed.
- Coordinate with other departments to ensure proper safety protocols are followed.
- Liaise with client representatives on all HSE matters to ensure adherence to HSE standards.
- Investigate and recommend corrective actions for hazardous and potentially hazardous situations.

HSE OFFICER, 01/2022 - 09/2023

ENGRO

- Participate in weekly HSE meetings and liaise with the client HSE representatives.
- Monitor and keep record of all safety meetings / toolbox talks on site (including the details of subjects discussed and list of attendees).
- Daily site inspection and implementation of permit to work systems.
- Participate in investigation of all Incident / Accidents / Near Misses.
- Ensure availability of adequate access areas, emergency entrance / exits.

- Establish safety, fire prevention and security measures required for the protection of men, materials and equipment.
- Risk Assessments of activities to identify hazards related to particular task.
- Implementation of safe work procedures and emergency response plan at site.
- Ensure proper housekeeping is carried out in order to maintain the area neat and clean.
- Immediate stop of any unsafe work and advice the job supervisor accordingly.
- Arrange for display of safety posters and signs throughout the job site.
- Carry out other duties as directed by the HSE Manager.
- Reporting to HSE Manager.

HSE OFFICER, 06/2019 - 11/2021
Al Ghurair Construction, UAE

- Carry out safety inspection to see that only safe work methods are followed at site.
