## + ABOUT ME

With over a decade of experience More than 15+ years in the construction sector, including infrastructure projects, high-rise towers, buildings, and oil storage projects, I have honed my expertise as an HSE Engineer, Safety and Security Manager, HSE Inspector, and HSE Supervisor. My comprehensive background has equipped me with a robust skill set in auditing and controlling HSEQ, positioning me as a specialist in the field. My responsibilities have consistently underscored my capability as an HSEQ expert, ensuring the highest standards of health, safety, environmental, and quality compliance are met in every project I undertake.
