Professional Summary

Dedicated and highly experienced HSE professional with over 10 years of expertise in the Oil & Gas, Refinery, Power Plant, and Construction industries. Skilled in developing and implementing comprehensive safety management systems, conducting detailed risk assessments, and leading safety teams to achieve exemplary safety performance. Proven track record of ensuring regulatory compliance, fostering a safety-first culture, and successfully managing complex projects with zero incidents. Adept at emergency response planning, incident investigation, and environmental safety, with strong leadership and communication skills to influence positive safety behaviors across diverse teams.

Career Objectives

- To leverage extensive HSE knowledge and leadership skills to contribute to the safety and operational excellence of a progressive organization in the Oil & Gas or Power sectors.
- To implement innovative safety strategies that enhance workplace safety, ensure regulatory compliance, and promote a proactive safety culture.
- To continuously develop professional expertise through challenging projects, aiming for higher safety standards and reduced incident rates.
- Collaborate effectively with multidisciplinary teams, clients, and regulatory bodies to achieve shared safety and environmental goals.

Professional Experience

Danway Electrical & Mechanical Engineering

HSE Lead

Yanbu Refinery SRU Upgrade Project (Saudi Aramco)

January 2025 – Present

- Develop and implement comprehensive HSE policies aligned with Saudi Aramco standards for refinery upgrade activities.
- Lead hazard identification, risk assessments, and safety planning for complex refinery operations.

- Conduct regular safety inspections, audits, and tool-box talks to ensure ongoing compliance and operational safety.
- Coordinate emergency response drills, safety training, and incident investigations.
- Liaise with Saudi Aramco safety teams and regulatory authorities for inspections and compliance documentation.
- Oversee environmental safety measures, waste management, and pollution control during project execution.
- Monitor safety performance metrics and foster a proactive safety culture across teams.

Al Dossary Sons Company

HSE Supervisor

TGTU Upgrade Project & Yanbu Refinery Turnaround (Yasref & Saudi Aramco)

October 2023 – December 2024

- Developed site-specific safety procedures to address process modifications and construction activities.
- Conducted hazard identification, risk assessments, and safety audits to prevent accidents.
- Managed safety inductions, ongoing safety training, and toolbox talks for all site personnel.
- Led incident investigations, root cause analysis, and corrective action implementation.
- Coordinated emergency preparedness activities including spill response, fire drills, and evacuation plans.
- Ensured environmental compliance, waste disposal, and emissions control measures were followed.
- Maintained safety documentation, reports, and liaised with client safety teams and authorities.

Expertise Company

HSE Supervisor

North Jeddah Bulk Plant (Saudi Aramco)

June 2022 – August 2023

- Implemented HSE procedures as per client safety policy to prevent any accidents or incidents in the workplace.
- Conducted hazard assessments, safety inspections, and compliance audits.
- Facilitated safety training and toolbox talks emphasizing chemical handling and emergency procedures.
- Managed incident investigations and ensured corrective actions were implemented.
- Maintained safety signage, PPE supplies, and emergency equipment.

Kanooz Contracting

HSE Officer

Yanpet Expansion Phase I & II (SABIC Yanpet)

April 2021 – April 2022

- Conducted risk assessments and hazard analysis for construction activities.
- Delivered safety inductions, toolbox talks, and training programs.
- Supervised daily safety inspections, audits, and incident investigations.

- Ensured compliance with Saudi Aramco and international safety standards.
- Supported emergency response planning and safety documentation.

Harris Pye

HSE Officer

Shuaibah SEQAYA Plant (NOMAC)

January 2021 – February 2021

- Oversaw daily safety operations and compliance.
- Conducted hazard identification and risk assessments.
- Led emergency preparedness and response exercises.
- Developed and enforced safety policies and procedures.
- Delivered safety training and awareness programs.
- Monitored safety performance indicators and improved safety practices.
- Managed incident investigations and corrective actions.
- Collaborated with regulatory agencies for safety audits.

Kanooz Contracting

HSE Officer

Shedgum Gas Plant (Saudi Aramco)

February 2020 – December 2020

- Conducted comprehensive risk assessments for construction and commissioning.
- Facilitated safety inductions and toolbox talks for construction crews.
- Supervised safety compliance during all phases of expansion.
- Investigated incidents and implemented corrective actions.
- Managed documentation of safety procedures and compliance records.
- Coordinated with contractors to ensure safety standards.
- Supported emergency response planning and drills.
- Monitored environmental impacts and waste management.

SEPCO II

HSE Officer

Jizan Integrated Gasification Combined Power Block Project. (Saudi Aramco)

June 2016 – July 2019

- Developed and executed safety protocols for power and gasification EPC project.
- Led hazard assessments, safety audits, and incident investigations.
- Managed safety inductions, toolbox talks, and safety training for large workforce.
- Ensured environmental safety and regulatory compliance.
- Achieved safety milestones such as multiple safe man-hours records.

Samsung/Kumyi

HSE Officer

Ruwais Refinery Expansion/ CBDC Project, Abu Dhabi (Takreer)

January 2014 – February 2016

- Managed safety aspects during major construction phases.
- Conducted risk assessments and safety reviews.
- Led safety inductions and toolbox talks for construction workers.
- Investigated incidents and near-misses, implementing lessons learned.
- Ensured adherence to safety standards and regulations.
- Coordinated with contractors to maintain safety compliance.
- Conducted safety audits and monitored corrective actions.
- Facilitated safety training sessions and emergency response planning.

Memberships

- Chartered Member of IOSH (On Progress)
- Certified Member of IOSH (Institution of Occupational Safety and Health)
- Member of IIRSM (International Institute of Risk & Safety Management)

Professional Qualifications

- NEBOSH International General Certificate (IGC)
- Level 6 Diploma in Occupational Health & Safety (Ofqual Regulated)
- ISO 45001: 2018 Lead Auditor IRCA Approved
- ISO 14001 & ISO 9001 (Alison)
- Basic Life Support (Saudi Heart Association)
- Diploma in Occupational Hygiene

Approvals

- Saudi Aramco Approved HSE Supervisor, Safety Lead & HSE Officer
- Yasref Approved Safety Lead
- Sabic Yanpet Approved HSE Officer

Education

- **Masters in Occupational Safety & Health**
Glocal University, India
- **Bachelors in Environmental Science**
Venkateshwara Open University, Arunachal Pradesh, India
- **Professional Graduate Program in Safety Engineering**
International Institute of Management & Technical Studies

Languages: Nepali, English, Hindi, Arabic

Key Skills

- Hazard Identification, Recognition & Risk Assessment
- Incident Investigation & Root Cause Analysis
- Safety Compliance, Audits & Inspections
- Emergency Response & Crisis Management
- Safety Training & Awareness Programs
- Regulatory Compliance & Liaison
- Environmental & Workplace Hygiene Management
- Safety Culture Development
- Excellent Communication & Leadership
- Problem Solving
- Critical Thinking
- Job Safety Analysis/ Job Hazard Analysis
- Continuous Learning
- Continuous Professional Development
- Simops Operations
- Microsoft Office (word, excel, power point, emails etc.)

Certification of Appreciation

- Al Dossary/ Yasref Mega Turnaround 2024
- Safety Recognition
Al Dossary/2024/Yanbu
- Certificate of Appreciation
Aramco/2023/Yanbu Refinery Turnaround 2023
- Certificate of Appreciation
SSEM/2023/Jeddah
- 11 million Safe Man Hours
SSEM/2023/Jeddah
- 9 million Safe Man Hours
SSEM/2023/Jeddah
- Certification of Appreciation
Nomac/2021 / Jeddah, Saudi Arabia
- Certification of Appreciation
SEPCO II/2017/Jizan, Saudi Aramco
- Saudi Aramco HSE Approvals
SEPCO II/2017/Jizan
- 20 million Safe MAn Hours
SEPCO II/2018/Jizan, Saudi Aramco
- 10 million Safe MAn Hours
SEPCO II/2017/Jizan, Saudi Aramco

- 5 million Safe Men Hours
SEPCO II/2016/Jizan, Saudi Aramco

Responsibilities

- Develop, review, and update HSE policies and procedures to align with evolving legal requirements, industry standards, and best practices.
- Conduct comprehensive risk assessments and hazard analyses for all operational activities, including new projects and changes in processes.
- Implement hazard control measures, including engineering controls, administrative procedures, and personal protective equipment (PPE).
- Lead, coordinate, and facilitate safety training sessions, toolbox talks, and awareness campaigns for all staff, contractors, and visitors.
- Establish and maintain a safety reporting system that encourages employees to report hazards, incidents, and unsafe behaviors without fear of reprisal.
- Monitor HSE performance metrics and key performance indicators (KPIs) to evaluate effectiveness and identify areas for improvement.
- Perform regular internal audits and inspections to ensure compliance with policies, standards, and legal regulations.
- Manage documentation related to incidents, investigations, corrective actions, and training records for audit purposes.
- Lead incident investigations to identify underlying & root causes and prevent recurrence.
- Develop and implement corrective and preventive actions based on investigation findings, ensuring timely closure and follow-up.
- Ensure emergency preparedness and response plans are comprehensive, regularly tested, and updated according to new threats or operational changes.
- Organize and oversee emergency drills, evacuation exercises, and response simulations to ensure staff readiness.
- Maintain up-to-date knowledge of relevant laws, regulations, industry standards, and emerging safety technologies.
- Promote a safety culture by engaging leadership and employees through safety committees, recognition programs, and open communication channels.
- Foster continuous improvement initiatives such as safety audits, benchmarking against industry best practices, and innovation in safety management.
- Support sustainability and environmental management efforts by implementing waste reduction, pollution control, and resource conservation measures.
- Collaborate with operational and maintenance teams to integrate HSE considerations into daily tasks, project planning, and operational procedures.
- Provide guidance and support for contractors and subcontractors to ensure their HSE practices meet company standards and legal requirements.
- Conduct training and onboarding for new employees and contractors on HSE policies, emergency procedures, and safe work practices.

GENERAL INFORMATION

1. Grade Point Average Conversion Chart:

Qualification	Score on 100 percentage point	Grade	Grade Value
Outstanding	90.1-100	O	10
Excellent	80.1-90	A+	9
Very Good	70.1-80	A	8
Good	60.1-70	B+	7
Above Average	55.1-60	B	6
Average	50.1-55	C	5
Pass	40-50	P	4
Failed	Below 40%	F	0
Malpractice		M	
Absent		S	

2. Calculation of CGPA in a Uniform Credit System: The CGPA of a student shall be the total of the grade values obtained in the courses taken by the student, divided by the number of courses.

3. Calculation of CGPA in Non-Uniform Credit System: The CGPA of a student shall be sum of grade values multiplied by credit point of each course, divided by the total credit value.

4. In the original grade-transcript of each student, the grade secured:

(i) In a repeat examination shall be suffixed with the letter "R" to indicate that the grade was obtained through a Repeat Examination.

(ii) In an Improvement examination shall be suffixed with the letter "I" to indicate that the grade was obtained through an Improvement Examination.

(iii) In any case if the student could not attained the pass mark in his/her repeat examination then he/she will re-register for the course and the grade secured after re-registration shall be suffixed with the letter "B" to indicate that the grade was obtained after Re-registration for the back paper.

(iv) If a student re-registered for a course is unable to secure at least "P" grade, she or he shall be required to re-register for the course once again for the following year. The same shall be suffixed with the letter "C" to indicate that the grade was obtained after carrying over the concerned course.

Company reviewed the proposed acting site safety lead CV and conditionally approve the candidate based on his performance. Mr. SUJAN KHADKA will be on a probationary period for three months from the date of issuance. During that period company has all the right to revoke this approval if his performance is found unsatisfactory.

Remarks:

SEPCO- Proposed- HSE Officer- Candidate-Mr. Sujan Khadka CV–Review.

- PMT has reviewed CV & interviewed above **HSE Officer Candidate** for the ("JIGCC") Power Block Project. The candidate does meet the requirements as per Saudi Aramco (CSM) **Section 4.5 D– Contractor Safety Staff**. PMT has therefore no objections to **Mr. Sujan Khadka** for the **HSE Officer Candidate position** as he met the minimum safety requirements. PMT is awarding the candidate **APPROVAL** with regards to the below mentioned criteria being met and satisfactory performance demonstrated by candidate.
- The Candidates will be currently fulfilling the position at SEPCO as HSE Officer for the ("JIGCC") Power Block Project.
- *NB–CSM 4.5 D-All field safety Staff (whose job title could also be safety inspector, Trainer, site safety engineer, safety advisor, safety representative or similar position) shall be fluent in spoken and written English and have at least five years of safety experience specific to the contract's scope of work.

Note: Safety officers with less than five years of safety experience, as well as clerical, fire watch, confined space standby men, hazardous materials handlers, etc., shall be excluded from the numbers of safety staff in Table 4.1 CSM. Contractor is advised that additional safety officers may be necessary based on the risk of the activities to be performed and as requested by the SAPO.

- *NB–CSM 4.5 E-The contractor shall provide the Safety Manager and each Safety Supervisor with a personal means of communication (e.g. mobile phone) and a dedicated motor vehicle equipped for the travel environment that may be encountered during the course of his work.
- *NB –CSM 4.5 F –The names and qualifications (e.g. CV/ resume, training certificates) of the Safety Manager, site safety supervisors (s) and all Field Safety Staff who will work on the job shall be submitted to the SAPO for review and concurrence prior to the beginning work.
- *NB –CSM 4.5 M-The SAPO reserves the right to require the contractor to replace the safety manager /supervisor or any safety officers whose work is deemed unacceptable by the SAPO.

**Jazan Integrated Gasification Combined Cycle
("JIGCC") Power Block Project**

- ***NB-CSM 4.5 N- The SAPO reserves the right to require the contractor to provide additional safety and health specialists where technical expertise is required.**

***COMPANY review and comment do not relieve CONTRACTOR from his full responsibility and liability in the contract**

MY COMMITMENT

- If an unsafe act or condition was observed I will immediately stop the work for immediate correction and escalate it to YANPET safety if needed.
- I will never leave my assigned area until my backup is present.
- I will follow and ensure YANPET safety rules are being followed.
- I am accountable if major EHSS concern was present without me taking action.
- I will ensure YANPET 10 Life Savings rules are complied with at all time.
- I will do frequent checks of the work permits to ensure safety requirements mentioned in Permit and SA are being followed.
- I will do frequent and regular safety inspections of the work area, materials, and equipment and report observations through a SIRM.
- I will ensure that procedures and safe practices are followed.
- I will verify Workers are aware of the job hazards and safe assembly area/safety shower/eye wash location.

The use of this Authorization card other than the name stated herein is a clear safety violation and subject for severe disciplinary action as per the company rules and regulations.
