

## ABDUL MUQTADIR

Position: **Sr. QA/QC Manager.**

Experiences: **Quality Control, Constructions, Management, Engineering & supervision.**

Nationality: Indian

Driving License: Available

Mobile: **+966 547223627**

Email: [abdul.muq999@outlook.com](mailto:abdul.muq999@outlook.com)

### **Objective:**

- ❖ Dedicated professional Experience of (30 Y) Lead QA/QC Manager - implementing Quality Management System aligning with ISO-9001:2015, Constructions, Executions & supervision, in delivering high-profile constructions, specializing in the execution and supervision of Multi-storied Residential & Commercial, Theater Buildings, as a Quality Control Consultant, Proven ability to manage all phases of Project lifecycle, ensuring compliance with international & client standards, coordinating multidisciplinary teams to deliver projects on time with Quality Procedures. Adept in implementing HSE, Sustainability, contract, Technical reviews, and stakeholder engagement.
- ❖ As a Lead Quality Control Manager at NEOM & Diriyah projects and as PM - Project Manager on various Projects, and as RE (Resident Engineer) on UNESCO world heritage Development Project at Diriyah Riyad and managing the Projects Multi-storied Buildings, Residential & Commercial, Housing Projects, Mega Townships, (Civil, Architectural, structural, Finishing, Facade & External work), Asphalt Roads, Bridges, Underpasses, Industrial Projects, Oil & Gas Project, Petrochemical Projects, Sub-station Buildings, Large Educational Universities, Steel Structures, RCC structures, Landscape, Hardscape, walkways, U/G utilities, Water Retaining structures & infrastructure Projects,
- ❖ Successfully managed & led the teams to implemented QMS system as per ISO-9001-20015 and controlled inspections, Monitoring NCR clos-outs, providing technical solutions, surveillances during constructions, implementing predefined standards, ensuring to use latest drawings, approved materials. Monitoring Test Reports & Project Reports weekly & monthly basis, Attending Projects Meetings and resolving issues.
- ❖ Well-versed in ISO-9001:20015 standards, ARAMCO, KSA & international standards (SAES, SAIC, SATIP) & AASHTO, ASTM, ISO, BS, UBC, ACI, MOC, SBC - standards, codes & procedures.
- ❖ Well knowledge of construction Procedures & Familiar to Constructions Quality Control Tools and software, Strong attention on Project detailing, dimensional accuracy and Scope of work.
- ❖ As an Enthusiastic, self-motivated, and reliable professional with strong leadership skills. A mature team leader who thrives in challenging environments, fostering accountability and clarity of roles to ensure project success and adherence to strict Timelines & deadlines.

### **KEY Projects:**

- ❖ **(KAAU)** King Abdul Aziz University Constructions. **(ZFP - Zuhair Fayez - Consultants)**
- ❖ Jeddah Municipality **(AMANA)** Projects - **Ministry of Municipal & Rural Affairs – Consultants**
- ❖ **(KAUST)** King Abdullah University Science & Technology. **(ARAMCO Project).**
- ❖ **FARABI** Petrochemical Plant (FNPDC) – (L&T - ATCO) **Oil & Gas**, hydrocarbon. Yanbu – KSA.
- ❖ **YANPET** - Industrial Project - Yanbu Petro Chemical - **(SABIC)** - At Yanbu - KSA.
- ❖ **YASREF** - **Large** Housing project - under **RCY – ARAMCO** - At Yanbu - KSA.
- ❖ **NEOM Projects – The Connector – FMSCO.**
- ❖ **Diriyah Gate** development Authority (DC)- WH & JAQA Projects - MOC Cultural & Digital Art Museum & UNESCO world heritage Development with Infrastructures Projects – Riyad.

## **Core competencies:**

- ❖ Leading QA/QC Department, Supervising & advisory Role for– Managing & surveillances.
- ❖ Implementing Quality Management system in compliance to “ISO 9001:2015” Standards.
- ❖ Extensive experience Managing QA/QC systems compliance for large-scale construction, infrastructure, and external works, ensuring project specifications, and regulatory standards.
- ❖ Directing QA/QC teams, supervising inspections, audits, and quality documentation across all project phases.
- ❖ Monitoring Approvals – Material, MIR, MST, ITP, PQD’s, Quality plan, Concrete mix designs.
- ❖ Monitoring Executions to Quality Standards, Contractually, Safety, Sustainability & KSA regulations.
- ❖ Managing efficiently, assisting the department in line with company policies & Client expectations.
- ❖ Monitoring scheduled Audits, Audit findings & closing on-time, and NCR tracking systems.
- ❖ Organizing surveillances to avoid re-works, to improve productivity.
  - Monitoring Quality issues & interfacing with concerned Agencies and disciplines.
  - Monitoring QMRs, KPI & PQL, organizing training & awareness programs for continuous improvement.
  - Adept at resolving Quality conflicts, coordinating with consultants, contractors, and stakeholders, and ensuring smooth execution and project handover.
  - Demonstrated ability to evaluate staff performance, manage inspections, generate look-ahead schedules, and ensure compliances of QA/QC deliverables.
  - Strong focus on project Quality requirements, approval accuracy, and adherence to scope; ensures all activities are aligned with client expectations and project timelines.
  - Ready to Self-Engaging in QC compliance (On / off-site) as required & FAT & SAT tests.
  - Keen observation on goals & objectives, Conducting Meetings, determining discrepancies and ensuring minutes are actioned on Time.
  - Attending Bid-clarification, Contract award meetings, kick-off meetings and Managing - excellent relationship with the client and all stakeholders.
  - Monitoring Project handover with the concerned Contractors, Consultant & stake-holders.

## **Experiences:**

**02-11-2024 To till date: Sr. QA/QC Manager– SAK Consultants.**

**Diriyah Gate development Authority JAQA Projects - Cultural & Digital Art Museum Projects - Riyadh– KSA.**

**Project Consisting:** MOC - Ministry of Culture Multi-level Buildings with 3 Basements & Non MOC Buildings, Digital Art Museum Buildings, Theater Building, (RCC) Concrete Structures, concrete Trial mix design Monitoring at Batching plants, Steel Structures & Fabrication, Factory visits, Reviewing & approving Method statements (Fabrications, Erections, Intumescent paint System). Visiting to 3<sup>rd</sup> party Labs for Test monitoring.

## **Role & Responsibilities:**

- ❖ Managing QA/QC system, administrating executions, inspections & superviosn responsibilities.
- ❖ Quality Managing system based on ISO 9001 Standard, Quality procedures & Trainings.
- ❖ Establishing Quality Plan & Policies in compliance to “ISO 9001:2015” - Standards and Codes.
- ❖ Fully conversant, to align Project executions with Quality requirements and Project specs.
- ❖ Ensuring to comply, Approved method statement, ITPs, latest drawings - for ongoing activities.

- ❖ Conducting Audits - to assure Quality compliances to standards & Quality Plan.
- ❖ Monitoring Project Scope, Executions & Engineering drawings - start to end of the Project.
- ❖ Leading the Teams - to ensure implementing Quality Plan, QMS systems & procedures.
- ❖ Monitoring Inspection schedules & documentation system working & procedures.
- ❖ Reviewing Project Quality documents – MST – ITP – PQD – PQP, for approval.
- ❖ Monitoring – Procurements, Material Approvals, PQD's, working procedures and Time management.
- ❖ Reviewing “QMR” (Quality Management Reports) of the project –Monthly basis.
- ❖ Experienced & Monitoring classification of Materials & testing for (Soil & Rock) during Excavations according to international Codes and standards.
- ❖ Monitoring to comply – QC requirements, Redline mark-ups & Test Reports.
- ❖ Organizing External Audits & monitoring Audit Findings for in-Time close-out - and Time management.
- ❖ Well Knowledge of Saudi ARAMCO Engineering standards (SAES, SAIC, SATIP) & AASHTO, ASTM, ISO, BS, UBC, ACI, MOC, SBC, construction codes and work procedures.
- ❖ Monitoring Log Book Entry on daily basis & documenting Deviations with relevant evidences.
- ❖ Monitoring for NCR Closings - as per Quality (corrective & Preventive Actions) & Technical procedures.
- ❖ Resolving the conflicts, conducting meetings providing technical solutions & Quality procedures.
- ❖ Keen observation on goals & objectives & Tracking - QC inspections.
- ❖ Experienced in Managing Quality Control system, Inspections, Providing Technical supports - for Mega Townships, Multi-storied Residential & Commercial Buildings, Housing Projects Civil, Architectural, External work, Large Educational Universities, Sub-station Buildings, Asphalt Road Projects, Bridges & Underpass, Industrial Projects, Oil & Gas Project, Petrochemical Projects, infrastructure Project, Maintenance Project, site development, Soil improvement works, RCC foundations & structures, U/G utilities (Potable water, Storm water, Fire Water, sanitary sewage, irrigation system) Water Retaining structures, Piling & Dredging works, walkways, wet utilities, Landscaping, Hardscaping & Roads.
- ❖ Attending Pre-construction Meetings, Awareness Training & Technical supports during Executions.
- ❖ Monitoring, pre-commissioning schedule & providing Technical solutions - to comply On-Time.
- ❖ Leadership skills, Team building & motivation to success the project.
- ❖ Managing - excellent relationship with the all stakeholders.
- ❖ Attending Bid-clarification & kick-off meetings, smooth relationship with contractors & clients.
- ❖ Monitoring – snagging & De-snagging - Substantial hand-overing & TOC processing.

## **Experiences:**

**8-09-2022 To 30-10-2024: Lead - QA/QC Manager– NEOM Projects.**

FMSCO - Contracting Co. – NEOM projects DUBA & SHARMA city – KSA.

Project Consisting: Infrastructures - Earth Work Excavation, Backfilling, Excavation of Rock – Haulage, and Material Processing – Production Monitoring from Mobile crushers.

### Role & Responsibilities:

- ❖ Managing QA/QC system, administrating executions, inspections & supervisory responsibilities.
- ❖ Managing Quality system based on ISO 9001 Standard, Quality procedures & Trainings.
- ❖ Establishing Quality Plan & Policies in compliance to “ISO 9001:2015” - Standards and Codes.
- ❖ Implementing QMS, arranging Inspection as per ITP, documentation system working & procedures.
- ❖ Fully conversant, to align Project executions with Quality requirements and Project specs.
- ❖ Ensuring to follow Quality procedures, Approved method statement, ITPs - at ongoing activities.
- ❖ Conducting internal Audits - to assure Quality compliances to standards & Quality Plan.
- ❖ Monitoring Project Scope, Executions & Engineering drawings - start to end of the Project.
- ❖ Leading the Teams - to ensure implementing Quality Plan, QMS systems & procedures.
- ❖ Reviewing Project Quality documents – MST – ITP – PQD – PQP, for approval.
- ❖ Ensuring to comply - approved Method statements, IFC drawings Quality Plan & standards.
- ❖ Monitoring – Procurements, Material Approvals, PQD's, working procedures and Time management.

- ❖ Preparing “QMR” (Quality Management Reports) of the project – and submitting Promptly Monthly basis.
- ❖ Experienced & Monitoring classification of Materials & testing for (Soil & Rock) during Excavations according to international Codes and standards.
- ❖ Monitoring to comply – QC requirements, NCR closings, SOR closing, Redline mark-ups & Test Reports.
- ❖ Organizing External Audits & closings of Audit Findings, on-Time.
- ❖ Organizing QC inspections for Project executions as per approved ITP, with Check-list, approved Shop Drawings, ITL witnesses and Time management.
- ❖ Well Knowledge of Saudi ARAMCO Engineering standards (SAES, SAIC, SATIP) & AASHTO, ASTM, ISO, BS, UBC, ACI, MOC and standards, construction codes and work procedures.
- ❖ Monitoring Log Book Entry on daily basis & documenting Deviations with relevant evidences.
- ❖ Monitoring for NCR Closings - as per Quality (corrective & Preventive Actions) & Technical procedures.
- ❖ Resolving the conflicts, conducting meetings providing technical solutions & Quality procedures.
- ❖ Keen observation on goals & objectives & Tracking - QC inspections.
- ❖ Experienced in Managing Quality Control system, Inspections, Providing Technical supports - for Mega Townships, Multi-storied Residential & Commercial Buildings, Housing Projects Civil, Architectural, External work, Large Educational Universities, Sub-station Buildings, Asphalt Road Projects, Bridges & Underpass, Industrial Projects, Oil & Gas Project, Petrochemical Projects, infrastructure Project, Maintenance Project, site development, Soil improvement works, RCC foundations & structures, U/G utilities (Potable water, Storm water, Fire Water, sanitary sewage, irrigation system) Water Retaining structures, Piling & Dredging works, walkways, wet utilities, Landscaping, Hardscaping & Roads.
- ❖ Organizing QTB - Quality Tool Box, Awareness Training & Technical supports during Executions.
- ❖ Monitoring, pre-commissioning schedule & providing Technical solutions - to comply On-Time.
- ❖ Leadership skills, Team building & motivation to success the project.
- ❖ Managing - excellent relationship with the client and all stakeholders.
- ❖ Attending Bid-clarification & kick-off meetings, smooth relationship with contractors & clients.
- ❖ Monitoring - Punch-list - Project hand overing & TOC from the Clients.

**1-09-2021 To 2-9-2022: - Senior Resident Engineer & Quality Control Management DGDA Projects.**

SAK – Soliman Al Elkhereiji Consultants. (Diriyah Gate Development Authority).

At RIYAD city – KSA.

DGDA – Diriyah Gate Development Authority: - (DGDA- WH) Rush Projects.

Project Consisting: a UNESCO world heritage Development Projects with Infrastructures, U/G Water Tanks, Utilities, Landscaping, Hardscaping, Multi-storied Buildings, Irrigation system & Unique walkways.

**Role & Responsibilities:**

- ❖ Project Management, Leading – Monitoring Constructions, Quality Management, HSE management & Technical support on overall Projects executions in compliance to Project Specs, Codes & Standards.
- ❖ Advisory Role for constructions, supervision, Executions, Planning, Managing Technical solutions - overseeing to complete the Project On-Time & within Budget.
- ❖ Managing Project Constructions resources, Construction sequences, for High-Rise Buildings, Housing Projects, multi-storied Residential & Commercial Buildings, site development, U/G utilities, infrastructures development, irrigation system, industrial & commercial Projects.
- ❖ Managing Quality system based on ISO 9001 Standard, Quality procedures & Trainings.
- ❖ Monitoring – **Procurements**, Material Approvals, PQD’s, working procedures and Time management.
- ❖ Ensuring to cost effective measures – to minimize change orders during constructions.
- ❖ Monitoring awarded contracts, change orders, Scope Gap, Progress & Critical Mile stones.
- ❖ Well Knowledge of Saudi ARAMCO Engineering standards (SAES, SAIC, SATIP) & AASHTO, ASTM, ISO, BS, UBC, ACI, MOC and standards, construction codes and work procedures.
- ❖ Organizing External Audits & closings of Audit Findings, on-Time.
- ❖ Monitoring, pre-commissioning schedule & providing Technical solutions - to comply On-Time.
- ❖ Leadership skills, Team building & motivation to success the project.

- ❖ Resolving the conflicts & conducting meetings providing technical solutions.
- ❖ Managing Project constructions efficiently, on overall Project (Civil – Architectural – Structural & Finishing works), Water Retaining Structures, wet utilities - Sewer, storm drain and water systems, Infrastructures, Electrical PMS, - Tie-in works, Duct Banks, LV & Telecom, U/G Utilities - (Potable water, Storm water, Fire Water, sanitary sewage etc.), Irrigation network system, Landscaping & Hardscaping, Parking Lots, site grading, Soil improvement works, Road works.
- ❖ Managing EPC (Engineering Procurement & Constructions), working procedures, Method statements, workmanship, Material, equipment and Time management.
- ❖ Experienced in Under-ground utilities, Pump station, Tanks, Roads, Heavy industrial Concrete Structures.
- ❖ Experienced in Precast Structures, Facade Elevation works –Aluminum Paneling, Glass Walls.
- ❖ Monitoring LBE (Log Book Entry) & NCR closings system – (ARAMCO, SABIC, MOT, YASREF & DGDA)
- ❖ Ensuring to follow Latest IFC drawings, standard & specifications.
- ❖ Conducting Meetings, identifying issues and arranging to resolve.
- ❖ Keen observation on goals and objectives, Close follow-up with Client & End user, for Project issues.
- ❖ Monitoring Departments of QA/QC, Safety EHSQ, Technical-Engineering, Cost control and Constructions.
- ❖ Close follow-up with Client & End user for Project related issues.
- ❖ Managing Project handing over to the Client Satisfaction, with Excellent communication skills.

### 15-10-2019 TO 30-6-2021: Interface Manager.

ABC – Ashi Bushnag Contracting Co.

Royal Commission (RCY) At Yanbu city – KSA.

YASREF - OIL & GAS: (YHP) Mega Housing Project Phase-1. (RCY) - ARAMCO.

Project Consisting of: Large Housing Project - Multi-storied Buildings, Family Apartment, Bachler apartment, Mosque, Villa Row Houses, Recreation Centre complex, Infrastructures & Asphalt Roads.

### Role & Responsibilities:

- ❖ Interface Management & Quality Control supervision (EPC) - Construction Management, QC Management, Project Coordination - on overall Mega Housing Project (EPC), with multiple working Contractors, Client, Consultant, Stakeholders & Concerned departments.
- ❖ Managing, Supervising Quality control Inspections & Interface management on overall Mega Project (EPC) for Multi-storied Buildings –Infrastructures, wet Utilities, Civil, Structural, finishing works and Construction Management on overall Large Housing Project with multiple working Contractors, Client, consultant, Stakeholders & Concerned departments.
- ❖ Leading & Monitoring for efficient Management & Technical support for overall Projects Constructions & QA/QC Management in compliance to Standards & Codes.
- ❖ Advisory Role for constructions, supervision, Executions, Planning, Managing Technical solutions & pre-commissioning - to complete On-Time.
- ❖ Monitoring Log Book Entry LBE & NCR closings system – (ARAMCO, YASREF, SABIC & YANPET)
- ❖ Ensuring to follow Quality procedures, Approved MST, ITP (inspection test plan) for ongoing activities.
- ❖ Monitoring – **Procurements**, Material Approvals, PQD's, working procedures and Time management.
- ❖ Monitoring Design & Constructions of industrial Projects, infrastructures, U/G utilities, site development, site grading, Roads & irrigation system, Housing Projects, multi-storied Residential & Commercial Buildings, survey & GIS system, & commercial Projects.
- ❖ Monitoring awarded contracts, change orders, variation Orders, Progress & Critical Mile stones.
- ❖ Resolving the conflicts & conducting meetings providing technical solutions.

- ❖ Leading Contractors for Executions of Civil, Structural, Architectural, Electro Mechanical & Infrastructural works - work procedures & Method statements for working activities.
- ❖ Managing Project constructions efficiently, on overall Project executions (Civil – Architectural – Structural & Finishing works), Water Retaining Structures, wet utilities - Sewer, storm drain and water systems, Infrastructures, Electrical PMS, - Tie-in works, Duct Banks, LV & Telecom, U/G Utilities - (Potable water, Storm water, Fire Water, sanitary sewage etc.), Irrigation network system, Landscaping & Hardscaping, Parking Lots & Road works - with Safety & Quality procedures.
- ❖ Controlling working activities, workmanship, Material, equipment and Time management.
- ❖ Ensuring to follow Latest IFC drawings, standard & specifications.
- ❖ Conducting Progress meetings & identifying issues and arranging to resolve.
- ❖ Keen observation on goals and objectives, Monitoring (QA - QC) NCR & (EHSQ) system.
- ❖ Close follow-up with Client & End user for Project related issues.
- ❖ Managing Project handing over to the Client Satisfaction, with Excellent communication skills.

**28-11-2017 To 30-09-2019: Site Manager - Quality Control Supervision.**

Abdullah Faleh Al Dossary Contracting Co.

At Yanbu city – KSA.

FARABI - (L&T - ATCO) FNPDC Project. & YANPET - Petrochemical Project.

**Project Consisting:** Petrochemical Plant, **Sub-station** Buildings, Civil Construction, Dike walls, Water Retaining Structures, RCC Structures, Tanks Foundations, **Concrete Structures**, Finishing Works Cut & fill works, site development, U/G utilities, **Infrastructures**, Hardscaping & Roads.

### **Role & Responsibilities:**

**Quality Control supervision & Project Construction, Executions, (EPC), Management, Safety & Quality System.**

- ✓ Managing Project construction efficiently, monitoring the Project progress & Quality of works.
- ✓ Leading the Teams for QC inspections & Executions of Civil, Structural, Architectural & Finishings.
- ✓ Leading & Monitoring - Construction Executions (EPC), awarded contracts & allocation of staff.
- ✓ Providing Construction & Engineering support & monitoring design review - for site development, site grading, Roads & U/G utilities (Potable water, Storm water, Fire Water, sanitary sewage etc.) Infrastructures, for residential, industrial, commercial Projects.
- ✓ Follow-ups for project Activities to ensure assigned works are carried out as per IFC drawings schedule, standards and technical specifications with Quality & Safety.
- ✓ Conducting Weekly progress meetings & identifying issues and arranging to resolve.
- ✓ Monitoring LBE (Log Book Entry) & NCR closings system – (ARAMCO, YASREF, SABIC & YANPET)
- ✓ Keen observation on goals and objectives, Monitoring QC & Safety - EHSQ system.
- ✓ Reviewing work procedures and Method statements for working activities.
- ✓ Monitoring - day to day, QC inspections, project activities, Quality & Safety procedures.
- ✓ Managing Project executions, Civil structural, Precast Roof slabs, Raised Floors, False Ceiling E/M & Finishings.
- ✓ Progress tracking on weekly and monthly basis.
- ✓ Monitoring **Infrastructures**, **site development**, site grading, Roads & U/G utilities.
- ✓ Managing Project- handing over & Documentation system.

## **2016 & 2017: Project Manager.**

JEDDAH PROJECTS Contracting Co.

At Jeddah – KSA.

**Project Consisting Of:** Multi-storied Buildings, Construction, Water Retaining Structures, RCC Concrete Structures, Finishing Works Cut & fill works, site development, U/G utilities, Infrastructures, Landscaping, Hardscaping & Roads.

### **Role & Responsibilities:**

#### **Project Management & supervision (EPC) - Construction, Executions, Safety & QC System.**

- Managing Constructions - Multi-storied Buildings, Housing Project, Villas, Roads & Infrastructures, UG utilities, Infrastructures, Concrete Structures & Hardscaping
- Leading & Monitoring - Construction Executions (EPC), PEB (Pre-Engineered Buildings), awarded contracts & allocation of staff.
- Monitoring Project Budget - Timelines and highlighting the Variances & Anomalies.
- Ensuring to cost effective measures – to minimize change orders during constructions.
- Managing Allocation of manpower, materials, and equipment to maximize efficiency,
- Conducting Weekly progress meetings & identifying issues and arranging to resolve.
- Keen observation on goals and objectives, Monitoring (QC & QA) and Safety system.

## **2011 To 2015: – Project Manager-SCE Quality Control Supervision. (ZF P– Consultants).**

(KAU)\_King Abdul Aziz University, Jeddah & Rabigh Projects.

(ZFP) Consultants, Zuhair Fayez Partnership - Constructions & Supervision.

**Project Consisting:** University Campus (Female & Male) - Multi storied Buildings - Class Room Buildings, Medical Building, Admin Buildings, Residential & Commercial Buildings, Electrical sub-station Buildings Water Retaining Structures, RCC Structures, Concrete Structures, Finishing Works, Cut & fill works, U/G utilities, Duct Banks, Infrastructures, Hardscaping, Roads & site developments.

### **Role & Responsibilities:**

#### **Project Management & QC supervision (EPC) - Construction, Executions, Safety & Quality System.**

- ✓ Leading & Supervising the Teams for QC inspections, for Multi-storied Buildings, Infrastructures, site development & Executions of Civil, Structural, Architectural, Finishing, Building Facade & Electro Mechanical works – conforming to Building codes, specs & Regulations.
- ✓ Monitoring awarded contracts, change orders, variation Orders, Progress & Critical Mile stones.
- ✓ Monitoring constructions, Executions, Planning, Managing Technical solutions
- ✓ Monitoring efficiently, on overall Project works (Civil – Architectural – Structural, Hollow-core Roof slabs, PEB (Pre-Engineered Buildings), Water Retaining Structures, wet utilities - Infrastructures, Duct Banks, LV, MV & Telecom, U/G Utilities - (Potable water, Storm water, Fire Water, sanitary sewage), Precast Boundary wall & Parking Lots - with Safety & Quality procedures.
- ✓ Controlling working activities, workmanship, Material, equipment and Time management.
- ✓ Ensuring to follow Quality procedures, Approved method statement, ITP for ongoing activities.
- ✓ Conducting Internal Audits to assure compliances to standards, codes & ISO requirements,
- ✓ Monitoring – **Procurements**, Material Approvals, PQD's, working procedures and Time management.
- ✓ Keen observation on goals and objectives, Monitoring (QA - QC) NCR & (EHSQ) system.
- ✓ Monitoring Constructions, executions, Supervision, Progress tracking & design review.
- ✓ Follow-ups to ensure assigned works are carried out as per specifications, schedule, standards, IFC drawings and GIS system & overseeing to complete On-Time.
- ✓ Monitoring LBE (Log Book Entry) & NCR closings system, supporting to Project Executions Teams.
- ✓ Conducting Weekly progress meetings & identifying issues and arranging to resolve.

- ✓ Monitoring - day to day inspections for project activities.
- ✓ Monitoring variation Orders, reconciliation of BOQs & Progress tracking weekly and monthly basis.
- ✓ Managing Snag-list for Project handing over & Documentation system.

### **2010 & 2011: Project Manager.**

RIO – Trading & Contracting Ltd. Co.  
At King Abdul Aziz University - Jeddah.

**Project Consisting Of: U/G –Water Reservoir (RCC) with Pump Room, Multi storied Buildings, Site Development, Parking Sheds & Parking Lots, Under Ground Utilities, LV - Duct Bank, Telecom Duct Bank and integrated BMS system, Landscaping & Hardscaping & Road works**

#### **Role & Responsibilities:**

##### **Project Management & supervision (EPC) - Construction, Executions, Safety & QA/QC System.**

- Managing Project Constructions Water Tank - Underground reservoir, De-watering system, Shoring system, Water Retaining structures, Landscaping, Hardscaping & Road works.
- Leading & Monitoring Constructions, QC inspections, Executions, Planning, for efficient Management & Technical support for overall Projects activities & Quality Management.
- Monitoring executions efficiently, on overall Project works - Civil, PEB (Pre-Engineered Buildings), – Architectural – Structural, Water Retaining Structures, wet utilities - Infrastructures, Duct Banks, LV & Telecom, U/G Utilities - (Potable water, Storm water, Fire Water, sanitary sewage) & Parking Lots - with Safety & Quality.
- Controlling working activities, Procurements, workmanship, Material, equipment and Time management.
- Monitoring awarded contracts, change orders, variation Orders, Progress & Critical Mile stones.
- Managing Project- handing over & Documentation system.

### **2009 & 2010: Project Manager – Consultants - Quality Control Supervision.**

(MTMM) - Mohammed Turki Mot MacDonald - **Consultancy.**  
Jeddah Municipality (AMANA) Projects.  
Under the Ministry of Municipal & Rural Affairs.

**Project Consisting: Multi-Level Bridges & Under passes – Earth retaining walls, shoring system, De-watering system, Water retaining structures, External works, Site Development, Under Ground Utilities, Multi storied Buildings and integrated BMS system, Landscaping, Hardscaping & Road works.**

#### **Role & Responsibilities:**

##### **Project Management, Construction (EPC), Executions, Quality Control supervision & Safety System.**

- Managing Construction, Supervision, Project Management, Safety system & QC inspections.
- Monitoring & Controlling executions of Bridges, underpass, External works, U/G utility, Infrastructure, Shoring & De-Watering System & water Retaining Structures site Development, Landscaping, Hardscaping, PEB (Pre-Engineered Buildings) & Road works.
- Managing - integration systems Survey works, GIS system & Traffic Plans for over-all Project.
- Participating in the conceptual development meetings, prior to executions.
- Monitoring Design review for Bridges, Underpasses, Execution plans, Quality & Traffic plans.
- Monitoring – **Procurements**, Material Approvals, PQD's, working procedures and Time management.
- Leading Contractors for Executions of Civil, Structural, Architectural, Electro Mechanical & Infrastructures work as per IFC & Method statements, ensuring to follow Safety & Quality systems.

- Ensuring to follow Quality procedures, Approved method statement, ITP for ongoing activities.
- Conducting Internal Audits to assure compliances to standards, codes & ISO requirements.
- Providing Construction support - for site development, Roads & U/G utilities (Potable water, Storm water, Fire Water, sanitary sewage), Infrastructures, residential, commercial & industrial Projects.
- Follow-up for project activities, Bridges, Underpass & Roads to ensure all assigned works are carried out as per IFC drawings, standards & specifications with Safety & Quality Procedures
- Monitoring executions on behalf of JEDDAH MUNICIPALITY complying to MOC and international standards & approved materials & manufacturer certificates.
- Ensuring to follow approved Method statements, Latest drawing, specification & codes.
- Monitoring - day to day, QC inspections, project activities, Quality & Safety procedures.
- Keen observation on goals & objectives of Project - Monitoring (QA - QC) NCR & (EHSQ) system.
- Progress tracking on regular basis & monitoring EPC – Status to ensure On-Time completion.
- Monitoring day-to-day operations, inspections and Ensuring stability of form works & scaffolding.
- Attending bid clarification & kick-off meetings of the contractors.
- Monitoring inspections, pile foundations, steel cages & RCC structure & mass concrete pouring.
- Managing Project records, Documentation system, test reports & Project- hand-over to client.

#### **2007 & 2008: QA/QC - Senior Engineer.**

KAUST – (King Abdullah University) - Rush project of MEGA TOWN SHIP – **ARAMCO Project.**  
SAUDI BIN LADEN GROUP, SAUDI ARABIA.

King Abdullah University (KAUST) - Science & Technology.

Project Consisting of: MEGA TOWN-SHIP - Under ARAMCO, Commercial & Residential, Multi-storied Buildings, Theatre Building, Yatch Club, Earth retaining walls, shoring system, De-watering system, Water retaining structures, External works, Site Development, Under Ground Utilities, and integrated BMS system, Landscaping, Hardscaping & Road works.

#### **Role & Responsibilities:**

##### **Quality Control supervision, inspection Management - (EPC) Construction, Executions, EHS & QC System.**

- ❖ Managing Quality Control system & implementing Quality control procedures, Project Coordination, monitoring Quality Plan, Contract, Scope & inspection Schedule, for External Works & Infrastructure Projects.
- ❖ Ensuring to follow Quality procedures, Approved method statement, ITP for ongoing activities.
- ❖ Conducting meetings, determining discrepancies and Resolving the issues.
- ❖ Controlling – **Procurements**, Material Approvals, PQD's, working procedures and Time management.
- ❖ Monitoring Work Procedures, Method statements, Engineering Standards conforming to Specs MOC, MOT, MOMRA & RCY, **ARAMCO**, SABIC, NEOM & Royal Commission - KSA.
- ❖ Strong knowledge in AASHTO, ASTM, ISO, BS, UBC, ACI, MOC, **MOT** and Saudi **ARAMCO** Engineering SAES, SAIC, SATIP, Codes and work procedures.
- ❖ Monitoring QC inspections for Project activities, Civil, Architectural, Structural, External works, U/G utilities, Infrastructures, wet utilities, Landscaping, Hardscaping & Road works.
- ❖ Monitoring - day to day, QC inspections, project activities, Quality procedures.
- ❖ Monitoring MOM, Project Reports & calibration RFI Log & NCR Log & remedial response to queries.
- ❖ Conducting Internal Audit as per Project Quality Plan & Schedule Q & Evaluating QMS implementation.

- ❖ Evaluating Third Party Services, coverage for attending site sampling & providing Reports On-Time.
- ❖ Organizing (QTB) Quality Tool Box meetings & (ITL) Test Witnessing, awareness and Trainings.
- ❖ Reviewing Technical documents, "QMR", data sheets, "MAR" for EPC Projects - Piling, Dredging, Building, Roads, RCC foundations, Concrete structures.
- ❖ Attending External Audit as per Plan & complying Audit findings on-time, Controlling Time management.
- ❖ Identifying problematic QC issues and Keen observation on NCR closing with Quality procedures.
- ❖ Monitoring Project Activities to ensure executions as per IFC drawings & Project specifications.
- ❖ Monitoring LBE (Log Book Entry) & closing – from ARAMCO/ SABIC system.
- ❖ Conducting awareness Trainings, improvement programs to meet the client achievements.
- ❖ Monitoring approved materials, Test Certificates - to ensure Quality of works.
- ❖ Assisting to Management in daily activities in coordination to Consultant, Client & Site requirements.
- ❖ Keen observation on goals and objectives, Monitoring (QA - QC) NCR & (EHSQ) system.
- ❖ Attending Bid-clarification & kick-off meetings, Status updating to Management accordingly
- ❖ Monitoring Snag list and Project- handing over Documentation system.
- ❖ Managing, relationship with the client and all stakeholders & proceeding to Projects Handing over.

### **Capability:**

---

- ❖ Excellent communication skills.
- ❖ Fluent in - English written and verbal command.
- ❖ Workable Arabic speaking.
- ❖ Handling the teams with soft skills.
- ❖ Leadership skills & Team building.
- ❖ Excellent **Team** management & **Time** management skills.

### **Education & Certification**

---

- **Bachelor in Civil Engineering.**
- **Lead Auditor – Quality Management system – ISO 9001:2015**
- Project Management.
- Diploma in Advanced Architecture.
- Diploma in Computer Applications.
- **IOSH - Occupational Safety and Health – professional.**
- Auto CAD by Autodesk.
- Strong working knowledge of **Microsoft Office** (Word, Excel & Power point)

### **Language Skills:**

---

1. English
2. Arabic
3. Urdu
4. Hindi
5. Telugu.
