I hope that you will consider my application and expecting an opportunity of undertaking my responsibilities by being a part of your concern.

Thanking you in anticipation

Yours sincerely

IRFAN ABBASI

Resume

IRFAN ABBASI

Senior Surveyor

E-mail: irfanabbsi1122@gmail.com

Cell #: +966 580718690

Current Location: UMLUJ

Career Objective:

Looking for a challenging position in the field of (**Land Surveying**) in international & Multinational organizations where my expertise and experience can be put to the best possible use and my potentials can be effectively tapped. A position that gives me opportunities to develop integrates and applies my knowledge and skills.

Summary of Experience:

I have total **14 years'** experience dealing with various type of international construction Companies etc., including **3 Year in Qatar** and **9 years in Saudi Arabia and Pakistan**

Areas of Expertise:

- Building Works
- Tunnel Works
- Bridges
- Sewerage & Drainage Works
- High Rise Buildings
- Irrigation Works

Responsibilities:

- Establish main control stations at commencement of project and ensure checks are carried out every week to check the integrity and accuracy of those stations.
- Provide all setting out lines and levels as required to perform the works.
- Maintain records where required, i.e. as built, level surveyors etc.
- Encourage and guide Junior Surveyors and Chainman to help future development.
- Maintain an understanding of the program to ensure that various surveying tasks are carried out in sufficient time to avoid delays and standing time awaiting setting out. Good communication with Agents/ Foreman and Engineers is obviously paramount in this respect.
- It is most important that setting out mistakes are notified as soon as they become apparent to allow early corrective action to be taken.
- Good Knowledge in Steel Structure, Space Frame and Anchor Bolts work.
- Coordinate with consultant's Surveyor on work priorities and schedules.
- Maintain equipment in proper condition and perform frequent calibration checks.
- Download and process data using software for as built drawing.
