

Mohamad Altabel

Civil Engineer | Site Engineer | Project Engineer

Saudi Arabia , Riyadh | (+966) 542804971 | eng.mohamadnader@gmail.com | SCE Registered Civil Engineer

Profile

Civil Engineer with 5 years of hands-on experience in construction, finishing, and site supervision across residential, commercial, and infrastructure projects in Saudi Arabia. Proven ability to manage on-site operations, coordinate with consultants and subcontractors, and ensure high-quality execution within time and budget constraints. Skilled in concrete works, structural detailing, and luxury finishing projects. Strong leadership, organization, and problem-solving skills, with a solid commitment to safety and quality standards.

Experience

SITE ENGINEER | ART DECO DESIGN GROUP COMPANY

- Riyadh, Saudi Arabia | Oct 2023 – Aug 2025
- Supervise high-end finishing works for villas and palaces, ensuring premium quality standards.
- Coordinate with design offices and clients to align execution with approved drawings.
- Conduct material inspections and participate in site meetings for sample approvals and progress planning.
- Maintain technical documentation and support logs to track incidents and solutions.
- Manage on-site teams to deliver luxury finishing works on schedule.

SITE ENGINEER | ADNOC FUEL STATION PROJECT – TREADING AND CONTRACTING CO LTD.

- Riyadh, Saudi Arabia | Sep 2021 – Aug 2023
- Executed structural and finishing works for multiple ADNOC fuel stations in Riyadh.
- Collaborated with project managers and consultants to ensure compliance with design and safety standards.
- Resolved technical site issues and coordinated between subcontractors and suppliers.
- Delivered projects within schedule and budget, achieving zero safety violations.

SITE ENGINEER | NURSERY & KINDERGARTEN PROJECT – ART OF CRAFT CONTRACTING CO.

- Riyadh, Saudi Arabia | Nov 2020 – Aug 2021
- Participated in planning, design, and execution of reinforced concrete and finishing works.
- Prepared detailed site progress reports and monitored project timelines.
- Assisted in improving on-site safety and workflow procedures.
- Used AutoCAD for design review and shop drawing preparation.
