

Wahaj Us Siraj

QA/QC Inspector Civil (ISO 9001:2015 Certified)

Riyadh, Saudia Arabia 

+966 50 012 0731 

Transferable Visa 

wahajsiraj8@gmail.com 

OBJECTIVE

To obtain a challenging position in high quality engineering environment where I can apply my expertise in quality assurance, construction standards, project management, my talent and resourceful experience to ensure excellence and contribute to the organization's long-term success.

Experience

QA/QC Inspector Civil, SECURITY FENCE CONSTRUCTION AT QIDDIYA WEST BORDER

Al Jaber Contracting (KSA) | March 2025 – Current

- Inspecting materials delivered to the site to ensure conformity with specified requirements.
- Inspecting demolition of existing fence, bituminous road and reinforced concrete road construction.
- Oversaw excavation activities for the removal of topsoil and unsatisfactory soils.
- Conducted detailed inspections during the filling of embankments with engineered fill, ensuring the material used met the required standards for compaction, material properties, and moisture content.
- Supervised the fabrication and installation of heavy-duty chain-link fencing with barbed wire security and a double-leaf gate for vehicular access.
- Preparing ITPs, Method Statements, DLA, and TWLA documentation.
- Managing the preparation and submission of Work Inspection Requests (WIRs) and Material Inspection Requests (MIRs).
- Ensuring all site activities align with approved IFC.
- Conducting quality-focused toolbox meetings to enhance team awareness and adherence to standards.
- Supporting the QC Supervisor/Manager with other relevant quality control activities.
- Issuing CNCRs, ensuring corrective actions are implemented, and reviewing and approving them.

QA/QC Inspector Civil, QIDDIYA D-13 Bulk Earthwork for Racecourse Precinct

Al Jaber Contracting (KSA) | June 2024 – March 2025

- Preparing and updating ITPs, Method Statements, DLA, and TWLA documentation.
- Managing the preparation and submission of Work Inspection Requests (WIRs) and Material Inspection Requests (MIRs).
- Ensuring all site activities align with approved IFC drawings and MOMRA standards.
- Conducting quality-focused toolbox meetings to enhance team awareness and adherence to standards.
- Inspecting materials delivered to the site to ensure conformity with specified requirements.
- Supervising soil and material sampling, FDT testing, and compaction quality control.
- Overseeing advanced methods such as RIC and CPT.
- Supervising excavation, backfilling, disposal of surplus/waste materials, stockpiling, compaction, and quality tests such as FDT.
- Witnessing pre-CPT and post-CPT conduction and performing rapid impact compaction surveillance by evaluating tamping blows and ridge-to-ridge differences.
- Inspecting materials delivered to the site, including geotextile non-woven material and its proper placement, to ensure conformity with specified requirements.
- Monitoring and inspecting riprap placement and activities.
- Issuing CNCRs, ensuring corrective actions are implemented, and reviewing and approving them.
- Attending internal and external audits to uphold compliance with quality standards.
- Supporting the QC Supervisor/Manager with other relevant quality control activities.

QA/QC Inspector Civil, NEOM Trojena WO-027 (Earthworks for Mountain Exclusive Resort & 5 Star Boutique Hiking Hotel)

SAJCO (KSA) | Jan 2024 – JUNE 2024

- Preparing and updating ITPs.
- Preparing and updating Method Statements.
- Preparing and updating DLA & TWLA's.
- Conducting Quality Toolbox meetings.
- To ensure all materials delivered to site are inspected and conform to specified requirements.
- Responsible for all inspections like sampling and testing of soil materials, material storage, cleaning and grubbing, declaration of Rippable/Non-Rippable Rock, excavation and backfilling, disposal of surplus & waste materials, stockpile, compaction, FDT.
- Issuing INCRs & closing them after implementation of corrective action.
- Checking corrective actions.

- Daily surveillance visits to site to ensure that the quality of ongoing work is as per NEOM approved standards.
- To attend internal and external audits.
- Other relevant activities assigned by QC Supervisor / QC Manager.

QA/QC Inspector Civil, Yasref Housing Project Phase-I, Yanbu, Saudi Arabia

Ashi & Bushnag Co. for Ltd. (KSA) | Nov 2020 to Oct 2023

- Preparing and updating ITPs.
- Preparing and updating Method Statements.
- Conducting toolbox meetings.
- Responsible for all inspections like excavation and backfilling, concrete pouring, concrete coating work, curbstone & walkways, plastering work, waterproofing work, tile work, painting work, gypsum board work, doors & windows work and roof insulation work in my assigned buildings.
- Issuing INCRs & closing them after implementation of corrective action.
- Checking corrective actions and raising RFIs to close LBES.
- Surveillance visits to site to ensure that the quality of ongoing work is as per Yasref approved standards.
- To attend internal and external audits.
- Other relevant activities assigned by QC Supervisor / QC Manager.

QA/QC Inspector Civil, ICI (Plant extensions and renovations), AKZONOBEL (Plant dismantling and relocation)

DESCON Engineering Services & Technology (Pvt) Ltd. | Sep 2018 – Oct 2020

- Ensure that all relevant codes and/or specifications are applied to the Project.
 - Attending weekly and monthly Construction and Quality meetings.
 - Performing inspection as daily request for inspection (IRF), following relevant Inspection & test plan (ITP) and issuing the non-conformance report (NCR) if required.
 - Implementation of the Quality Management & Control program for the project.
 - Monitoring Daily site inspection and periodical off site inspection.
 - Controlling all inspection activities on site.
 - Issue and administer Non-Conformance Reports as necessary and ensure follow up.
 - Ensure that EPC complies with the project specifications.
 - Review of Design, Validation and Verification of Design.
 - Identify and advise the EPC of quality related non-conformance for timely corrective action and ensure that corrective action is properly implemented and documented.
 - Inspection of painting application as per approved method.
 - Inspections for water sampling for curing.
 - Inspections for excavation, backfilling, and compaction tests.
 - Ensuring that all test reports are verified to meet the contract requirements.
 - Implementation of preventative and corrective actions.
 - Liaison with other departments for smooth inspection activities at site.
-
