INTRODUCTION

Ambitious and detail-oriented **HSE professional** with **5 years of progressive experience** across diverse industries including infrastructure, power, and construction. Proven track record in implementing HSE policies, conducting audits, delivering safety training, and managing emergency preparedness. Adept at fostering a strong safety culture with zero lost-time incidents and millions of safe man-hours across projects. Well-versed in risk assessments, incident investigations, and compliance with local and international HSE standards (NEBOSH, OSHA). Strong communication and team collaboration skills with the ability to lead cross-functional safety teams and liaise effectively with consultants, clients, and regulatory bodies.

WORK EXPERIENCE

METITO – Saudi Arabia

HSE Supervisor

May 2023 – Present

Client: Saudi Water Authority (RJPH2 Project), Al Jubail

Consultant: Poyry

Key Responsibilities:

- Supervised and enforced HSE procedures across all project phases, ensuring strict adherence to Saudi Water Authority standards and international HSE regulations (OSHA)
- Developed and implemented site-specific HSE policies, procedures, and training modules to enhance workforce safety awareness and compliance.
- Conducted comprehensive risk assessments and Job Safety Analyses (JSA) to identify, mitigate, and control potential hazards on-site.
- Monitored daily Permit to Work (PTW) activities, ensuring high-risk tasks were executed under controlled and compliant conditions.
- Led incident investigations, root cause analyses, and prepared detailed reports with corrective/preventive actions to avoid recurrence.
- Organized and executed emergency response drills, fire evacuation exercises, and first-aid training to ensure site preparedness.
- Coordinated internal and external audits, client inspections, and safety walkthroughs, ensuring timely closure of observations and NCRs.
- Maintained and updated HSE documentation including safety reports, tool-box talks, inspection checklists, and training records.
- Acted as Acting HSE Manager, managing the HSE team, reporting to senior management, and leading continuous improvement initiatives to elevate site safety culture.

SSEM – Saudi Arabia

HSE Supervisor

- **Risk Management:** Proficient in conducting Risk Assessments, JSA, and HAZID sessions to identify hazards and implement preventive measures.
- **Incident Investigation:** Expertise in root cause analysis and corrective/preventive action planning to minimize recurrence of workplace incidents.
- **HSE Training & Induction:** Skilled in organizing and delivering safety inductions and ongoing training programs for all site personnel.
- **Audits & Inspections:** Strong background in leading internal/external HSE audits and regular site safety inspections to ensure safe operations.
- **Emergency Preparedness:** Development and execution of emergency response plans, evacuation drills, and incident simulations.
- **Permit to Work (PTW):** Adept at managing PTW systems and overseeing high-risk activities like confined space, hot work, and working at heights.
- **Client & Stakeholder Engagement:** Effective coordination with clients and consultants including SWCC, MAADEN, and Aramco to maintain compliance and project alignment.
- **Reporting & Documentation:** High proficiency in preparing safety reports, incident logs, inspection checklists, and audit records.
- **Safety Culture Leadership:** Passionate about promoting a proactive safety culture through awareness campaigns, toolbox talks, and behavior-based safety practices.
- **Team Leadership:** Experienced in leading HSE teams, mentoring junior staff, and enhancing overall safety performance through coaching and supervision.

MEMBERSHIPS

- Pending (HSE Professional Membership Applications in Progress)

WILLING TO RELOCATE

- Yes (Within KSA or GCC)

Jan 2023 - May 2023

Client: SWCC

Consultant: O/OE

Key Responsibilities:

- Supervised daily implementation of HSE procedures in accordance with SWCC standards and international best practices.
- Conducted regular site inspections, hazard identification, and risk assessments to prevent workplace incidents.
- Investigated incidents and near misses, performed root cause analysis, and recommended corrective and preventive measures.
- Delivered HSE inductions and toolbox talks, and conducted awareness sessions to promote a strong safety culture across all departments.
- Supported emergency preparedness by coordinating fire drills, rescue simulations, and first aid training.
- Monitored PTW (Permit to Work) system and ensured high-risk activities were safely controlled.
- Liaised with client and consultant HSE teams to ensure compliance and address any non-conformance issues promptly.
- Maintained accurate and up-to-date safety documentation, including incident logs, inspection reports, and safety meeting minutes.
- Ensured use and maintenance of PPE and safety equipment across all site personnel and contractors.

General Industries - Saudi Arabia

HSE Trainer

Aug 2022 - Dec 2022

Client: MAADEN

Consultant: Al Suwaidi

Project: PAP TRAIN - A

- Designed and conducted comprehensive safety training programs, including Training room sessions and on-site practical demonstrations.
- Delivered inductions, refresher courses, and specialized safety modules tailored to project-specific hazards and MAADEN standards.
- Monitored and evaluated workforce safety performance through assessments, feedback sessions, and knowledge checks.
- Maintained accurate training records, certification logs, and participation documentation for compliance tracking.
- Developed and implemented HSE awareness campaigns on topics such as heat stress, confined space entry, and hazard communication.
- Participated in emergency response drills, fire drills, and evacuation exercises to enhance site preparedness.
- Ensured proper maintenance and readiness of firefighting equipment and first aid kits across designated zones.
- Assisted internal HSE audits by providing relevant training documentation and contributing to audit preparedness.
- Actively collaborated with site supervisors to identify skill gaps and tailor future training content accordingly.

ARCHEN Engineering – Saudi Arabia

HSE Officer

Oct 2021 – July 2022

Client: Saudi Aramco

Project: City Infrastructure Development

- **Key Responsibilities:**
- Conducted routine site safety inspections to identify unsafe acts, conditions, and ensured timely corrective actions.
- Ensured strict compliance with Saudi Aramco HSE policies, procedures, and operational standards.
- Supported incident investigations by collecting evidence, preparing initial reports, and tracking corrective actions.
- Led weekly safety meetings with subcontractors and site teams to address safety performance and action plans.
- Enforced disciplinary measures for violations of HSE protocols, ensuring a culture of accountability.
- Maintained detailed records of inspections, violations, corrective actions, and safety statistics for internal reporting.

China Three Gorges Corporation – CPEC, Karot Hydropower Project

HSE Inspector / Advisor

AJK-Punjab Border, Pakistan

Apr 2020 – Aug 2021

Client: CPEC

Consultant: PSDP (Govt of China & Pakistan)

Key Responsibilities:

- Conducted daily site inspections to ensure compliance with company and regulatory HSE standards; identified hazards, issued Non-Compliance Reports (NCRs), and followed up on corrective actions.
- Monitored high-risk activities including confined space entry, scaffolding, lifting operations, and hot work under the Permit to Work (PTW) system, ensuring control measures were effectively implemented.
- Maintained detailed records of inspections, near misses, unsafe behaviors, incident reports, and daily/weekly HSE updates submitted to site management.
- Assisted in incident investigations by collecting evidence, conducting interviews, analyzing root causes, and recommending CAPA (Corrective and Preventive Actions).
- Advised senior management and project teams on compliance with OSHA, and corporate HSE policies; contributed to the development and continuous updating of site-specific HSE plans.
- Led HAZID sessions, facilitated Job Safety Analysis (JSA), and contributed to risk assessments with focus on practical control measures.
- Delivered toolbox talks, awareness briefings, and HSE orientation sessions to enhance safety behavior and understanding of emergency procedures among workers.
- Coordinated mock drills and emergency response exercises; ensured readiness and maintenance of firefighting equipment, first aid kits, and safety signage across work zones.
- Acted as a liaison between contractor teams, HSE management, and client representatives to ensure alignment with project safety objectives and regulatory expectations.
