## PROFESSIONAL SUMMARY

---

Results-oriented Civil Engineer with over 3 years of experience in infrastructure and construction projects. Proven expertise in project planning, scheduling, and quantity surveying. Adept at preparing and monitoring project timelines, analyzing progress, and ensuring alignment with project objectives. Skilled in preparing BOQs, shop drawings, and payment claims. Hands-on experience with Maximo for raising work orders and monitoring road maintenance activities.

Additionally, worked as a Site Supervising Engineer with solid experience in supervising project execution, evaluating performance, and leading teams effectively to achieve project goals.

Seeking to apply planning, project control, and site management skills to deliver successful engineering projects.

## PROFESSIONAL EXPERIENCE

---

### Planning Engineer

Jun 2024 – Present
