OBJECTIVE

To work in a dynamic and challenging environment that utilizes my professional knowledge and education, contributing to the overall growth and profitability of the company through proper application of analytical and managerial skills.

PROFESSIONAL SUMMARY

I have over twenty years of professional experience in project management and civil engineering across Saudi Arabia, the UAE, and Egypt.

I have successfully managed a wide range of large-scale projects, including hospitals, courts, infrastructure works, commercial buildings, and residential compounds.

. Strong leadership, risk management, and team coordination skills with a proven record of delivering complex projects within time, scope, and budget.
