

*Dear Hiring Managerial Staff,*

*Greetings and Salutations,*

*My name is LaBrone Austin Trent I am a US born citizen with over 25 years of experience in the HVAC industry; installations, maintenance, service and the overhaul of a wide range of systems from residential to commercial to industrial. I have worked in various environments comprising of governmental, military, large new construction developmental projects, banks, and data centers.*

*I was raised and nurtured by my family who has a history that goes back to over 200 years in the building trades in the State of Virginia and the Washington D.C. Metropolitan area. The purpose of this introductory letter is to express my interest in a HVAC career at your company.*

*In addition to my extensive professional history in the HVAC field in specific and the construction industry in general, I am committed to providing supreme customer service and maintaining the best etiquette with customers and colleagues. I am more than eager to bring what I have to offer to your organization and strive in contribution to the continued growth and success of your HVAC operations. I am fully confident that I can make a positive impact on any venture that is built on principals like integrity, loyalty, respect and craftsmanship.*

*Thank you for your consideration in advanced and I look forward to the opportunity to further discuss my qualifications and demonstrate how I can be an asset to your venture.*

*Sincerely,  
LaBrone Austin Trent*
