**CURRICULUM VITAE**  
Of  
**Mamintal "Abdulmalik" M. Hadji Adatu**  
Registered Civil Engineer  
Email Address: [niveen200594@yahoo.com](mailto:niveen200594@yahoo.com)  
Jawal # 0500460172

## OBJECTIVE

To seek for Job which appropriately suited to my educational qualification and actual experiences.

- *Senior Planning Manager,, Construction Manager, Cost Manager or any position suited to my Educational Background and Actual Experiences.*

My 34 years rigid and continuous experience both in office and field, prompted me to offer services which includes the application of well-known engineering oriented software as follows.

1. Autocad 2024
2. Autocad civil 3D 2018
3. Primavera P6 Professional
4. Autodesk Quantity Take-off
5. Microsoft Project 2016
6. 3d studio Max Release 2016
7. Revit2014
8. Tekla 2014
9. STAAD.Pro V8i (Structural Analysis and Design)
10. Blue Beam Revu (Document Review and Quantity Take-off)
11. Planswift (Quantity Take-off)
12. Microsoft Office Package

## SKILLS, KNOWLEDGE, ABILITIES AND BACKGROUND

### Planning and Scheduling

- Ability to develop the activities, logic, resources loading and progress to provide fully integrated project schedule, leading to the creation of the baseline schedule and its subsequent maintenance and updates.
- Ability to develop WBS and project coding structures.
- Ability to developing and maintaining CPM cost loaded schedules in PrimaveraP6 for both design and construction related projects.
- Ability to review scope change requests for the impact on schedules and the critical path of the project.
- Prepare reconciliation between earlier schedules and the current schedule. Consolidate the impact of approved changes and any deviations from the key project targets and milestones, including productivity monitoring and "What if scenarios" to aid project management decision making.
- Ability to develop and deliver presentation.
- Ability to gather data, compile information and prepare reports
- Ability to mobilize company resources, create project team capable of completing effective quality works.
- Ability to utilize project management systems to update and manage project budgets, commitments, expenditures and forecasts.

### Tendering, Quantity Surveying and Cost Control

- Ability to perform an initial review of the Invitation to Tender (ITT) documents to establish the scope of work, the Tender schedule and the composition of the Tender team. Clarify any item(s) that are unclear.
- Ability to determine, in collaboration with Proposal Specialist, physical format for tender, including cover set, photos, etc.
- Ability to establish the requirements and deliverables of the Tender team members with due regard to the scope of work and the Tender schedule.

- Ability to develop clarifications, tender submittal, post-submittal clarifications, etc.
  - Ability to maintain accurate records and files (manual & electronic) of all the tender data (i.e. correspondence, quotations, internal input, etc.).
  - Ability to liaise with all tender team members to ensure accuracy and compliance with customer requirements and the commercial strategy as defined by the Commercial and Business Development Managers.
  - Ability to oversee the tender estimate for accuracy and compliance with the client's requirements and commercial strategy.
- 
- Ability to prepare and administer Contract in accordance with Project specifications and drawing (Familiar with FIDIC).
  - Ability to prepare Tender Documents and other contract related documents.
  - Ability to prepare cost control, cost forecast, budgetary cost and making reports of all cost related issues such as change order, variation order and Contractor's claims.
  - Ability to prepare monthly progress bill of the projects.
  - Ability to develop multi-user database application within the company organization for material control, logistic, procurement, cost control, quantity take-off and document control.

### **Site Manager/Site Supervision**

- Work collaboratively with development team, lead architect and the senior management team to determine technical direction and approach to the systematic construction and implementation, including both safety and quality product.
- Ability to review structural design and making recommendation in accordance with the International Standard Code.
- Ability to coach and train project team members on Software Development processes and best practices.
- Make recommendations to management about schedules, prioritization and resource allocation with input from team members.
- Manage the day-to-day activities of projects and staff; communicate with project teams as necessary to ensure project deliverables are on schedule and within cost parameters.
- Ability to prepare structural design and detailing.
- Ensure that project operations are in compliance with the design and specifications.
- Ability to oversee all aspect of the day-to-day management of the construction projects.
- Ability to mobilize company resources, create project team capable of completing effective quality works.
- Skill in organizing resources and establishing priorities.

### **Technical Manager**

- Provides technical direction for the development, design, and systems integration for client engagement from definition phase through implementation.
- Creates and executes development plans and revises as appropriate to meet changing needs and requirements.
- Keeps project manager well informed of status of development effort and serves as liaison between development staff and project manager.
- Manages technical resources within budget and project schedule.
- Knowledge in planning and formulation of design alternatives and solutions for major construction project; provide conceptual estimates and cost estimates.
- Effectively utilizes each team member to his/her fullest potential.
- Keeps track of lessons learned and shares those lessons with team members.
- Ability to easily recognize system deficiencies and implements effective solutions.
- Ability to coordinate with other disciplines such as MEP and other department.
- Ability to create relational database (in MS Access) to organize, categorize documents, Contacts, Companies information and material prices accessible to team members through server and minimize and avoid unnecessary multiple filing for proper working environments.
- Ability to reviews the status reports of team members and addresses issues as appropriate.
- Ability to prepare both working drawing and shop-drawing.
- Ability to prepare colored presentation both 3d and 2d rendering.
- Good interpersonal and leadership skills working in team environment.

## PERSONAL CIRCUMSTANCES

Present Address : P.O. Box 13180 Jeddah 21493  
Nationality : Filipino  
Date of Birth : December 28, 1964  
Height : 5'9"  
Religion : Islam

## EDUCATIONAL ATTAINMENT

College : Bachelor of Science in Civil Engineering  
Technological Institute of the Philippines, Manila  
Philippines Graduated March 1988

### SCHOLARSHIP GRANT

National Integration Study Grant Program (NISGP) Given by National Scholarship Center, Ministry of Education, Culture & sports.

Remarks : Passed  
Inclusive Date : 1983- 1988

### PROFESIONAL BOARD EXAMINATION ATTENDED

Board of Civil Engineering given by **PROFESSIONAL REGULATION COMMISSION, PHILIPPINES**

Remarks : Passed  
Date of Examination : October 2001  
Venue : Jeddah, Saudi Arabia

## ORAGANIZATION AFFILIATED WITH

- Member of the *Philippine Institute of Civil Engineers, Inc., Philippine, Philippines*
- Member of the *Association of Civil Engineers, Kingdom of Saudi Arabia*
- Member of the *Saudi Council of Engineers, Kingdom of Saudi Arabia*

## COMPUTER TRAINING/SEMINAR ATTENDED

Conducted by : **GLOBAL PINOY SOLUTION**  
: Jeddah Saudi Arabia  
Subject : Advance Primavera P6  
: TEKLA Structural Detailing  
: Revit 2014 (Structural and Architectural)  
: STAAD.Pro V8i (Structural Analysis and Design)

---

Conducted by : **FILIPINO COMPUTER LITERACY PROGRAM (JEF-FILCOM)**  
: Jeddah Saudi Arabia  
Subject : 3D Max Modeling (Basic)  
: 3D Max Modeling and Rendering (Advance)

---

Conducted by : **ENGINEERING REVIEW CENTER (PRC)**  
Sampaloc Manila Philippines October 14, 1988  
Subject : Project Evaluation Review Techniques/Critical Path Method  
(PERT/CPM)

---

Conducted by : **ENGINEERING COMMITTEE SAUDI ARABIA MARWAN AL-ASHOUR ENGINEERING** Consultant Siteen St. Jeddah Saudi Arabia

Subject : Structural Analysis and Design/ Integrated structural Design system (STAAD III / ISDS)

---

Conducted by : **CRESCENT TECHNOLOGY**  
Sampaloc, Manila Philippines

Subject : Autocad  
: Basic Progra'g for Civil Engineers  
: Computer Aided Strut's Engineering

---

### EMPLOYMENT RECORDS

Company : **NAM Arabia Co ltd.**  
This is a General Contracting Company based in Jeddah, Saudi Arabia involved in multi-million projects such as hotels, malls, high- rise bldg, commercial bldg., residential compound and apartments bldgs.

Period : April, 2024 – Present  
Position : **PLANNING & COST CONTROL MANAGER**

Company : **Advance AAG Construction Co.**  
This is a General Contracting Company based in Jeddah, Saudi Arabia involved in multi-million projects such as hotels, malls, high- rise bldg, commercial bldg., residential compound and apartments bldgs.

Period : May, 2016 – March 2024  
Position : **PLANNING & COST CONTROL MANAGER**

---

Company : **MUBARAK AL GUTHMI CO.**  
This is a General Contracting Company based in Jeddah, Saudi Arabia involved in multi- million projects such as hotels, malls, high- rise building, commercial building., residential compound and apartments buildings.

Period : May, 2015 – April, 2016  
Position : **SENIOR QUANTITY SURVEYOR/COST CONTROL**

Company : **RUWAD CIVIL CONSTRUCTION COMPANY LTD.(RCC)**  
This is a General Contracting Company operating internationally based in Jeddah, Saudi Arabia involved in multi-million projects such as hotels, palaces, high- rise bldgs, commercial bldg., Malls, residential compound and apartments bldgs.

Period : January 1, 2012 – May 2015  
Position : **SENIOR QUANTITY SURVEYOR/TECHNICAL MANAGER**

---

Company : **PROJACS INTERNATIONAL**  
Projacs International is the largest Pan-Arab project management firm boasting 21 offices in 21 major cities in the Middle East, North Africa, Asia, Europe and North America. Established in 1984 and has over 700 professional staff offering customized services to a variety of clients in the public and private sectors. Other project types include residential and commercial developments, educational facilities, hotels and resorts, sports centers, airports, oil and gas plants, car assembly plants, infrastructure and highways, healthcare facilities, retail developments, and palaces and private homes.

Period : July 1, 2010 – Dec. 30, 2011  
Position : **SENIOR QUANTITY SURVEYOR**

---

---

Company : **SAUDI BINLADIN GROUP (ABCD)**  
This is a General Contracting Company owned by Saudi Binladin Group of companies operating internationally based in Jeddah, Saudi Arabia involved in multi-million projects such as hotels, palaces, high- rise bldg., universities, commercial bldg., Malls, residential compound and apartments bldgs.

Period : January 2, 2008 – June 30, 2010  
Position : **TECHNICAL COORDINATOR (KAUST PROJECT)**

---

Company : **AL-MARASHY CONSTRUCTION EST.**  
This is a General Contracting Company operating in the Kingdom of Saudi Arabia based in Jeddah with a vision for building quality structures using the latest techniques in building construction technology. This company had done numerous projects, to mention one of them was the Mohammad Mojil Expansion Steel Factory in Rabigh, Saudi Arabia.

Period : August 1, 2006 – Dec. 31, 2007  
Position : **PROJECTS MANAGER**

---

Company : **KAMARAT CONTRACTING COMPANY LTD.**  
This is a General Contracting Company owned by Baghla Group of Companies operating in the Kingdom of Saudi Arabia based in Jeddah involved in multi- million Projects such as hotels, commercial bldg., Malls, residential compound and Apartments bldgs.

Period : October 2, 2004 – July 30, 2006  
Position : **QUANTITY & PLANNING ENGINEER**

---

Company : **DAR AL-EMAAD CONST'N & DEVELOPMENT CO.**  
This company owned by private individual and again it is general contracting firm operating in the Kingdom of Saudi Arabia, based in Jeddah, K.S.A. had done numerous projects in Duratul Arus, Projects of Dallah Al-Baraka.

Period : July 15, 1995 –September 2004  
Position : **QUANTITY SURVEYOR & PLANNING ENGINEER**

---

Company : **TALAKY CONSULTING ENGINEERS**  
This Company is a private design consulting firm owned by private individual operating in the Kingdom of Saudi Arabia based in Makkah Al-Mukaramah. This company had done numerous projects around Haram and the whole of Makkah from Villas to High Rise Bldgs., commercial, malls and residential compound.

Period : June 28, 1993 – July 15, 1995  
Position : **CAD DEPARTMENT HEAD**

---

Company : **KHALLAF ENGINEERING CONSULTANT**  
This Company is a private design consulting firm owned by private individual operating in the Kingdom of Saudi Arabia based in Jeddah Saudi Arabia. This company had done numerous projects from villas to high rise bldgs., commercial, malls and residential compound.

Period : Nov. 25, 1990 – Dec. 1992  
Position : **AUTOCAD OPERATOR**

---

---

Company : **ARCHITECTURAL ENGINEERING CONSULTANT**  
This Company is a private design consulting firm owned by private individual operating in the Kingdom of Saudi Arabia based in Jeddah Saudi Arabia. This company had done numerous projects from villas to high rise bldgs., commercial, malls and residential compound.

Period : Feb. 7, 1990 – Nov. 25, 1990

Position : **AUTOCAD OPERATOR**

---

Company : **ASIAN ENGINEERS & SYSTEM CONSULTANT**  
This consulting firm owned by private individual operating in the Philippines based in Makati City, Philippines. This company involves in design and supervision of the infrastructure projects of the Department of Public Works and Highways (DPWH) mostly in Mindanao, particularly in Zamboanga del Norte.

Period : Jan. 15, 1988 – Feb. 5, 1990 :

Position : **MEMBER OF ROAD DESIGN TEAM**

---

## TO WHOM IT MAY CONCERN

This is to certify that **Engr. Mamintal Mali Hadji Adatu** was employed by **AAG Construction Company Ltd.** as a **Planning and Cost Control Manager** from **May 2016 to May 2024**

During this tenure, **Engr. Mamintal Mali Hadji Adatu** was a key member of the **Management Team** of the **Company** and was primarily responsible for the following core duties:

- Leading the end-to-end planning, execution, and closure of multiple projects within scope, budget, and timeline.
- Developing detailed project plans, schedules, and resource allocation strategies.
- Managing and mentoring cross-functional project teams.
- Monitoring project progress, identifying potential risks, and implementing mitigation strategies.
- Communicating project status, progress, and issues to stakeholders and senior management.
- Ensuring project deliverables met quality standards and stakeholder expectations
- Project Planning & Scheduling: Developing, monitoring, and updating detailed project schedules (using tools like Primavera P6 or MS Project) to ensure timely project execution.
- Cost Control & Budget Management: Preparing, analyzing, and controlling project budgets, tracking actual expenditures against planned costs, and forecasting project completion costs (EAC/ETC).
- Performance Reporting: Generating weekly and monthly reports on project status, highlighting variances in schedule and cost, and providing Earned Value Management (EVM) analysis.
- Risk Management: Identifying potential cost and schedule risks and developing mitigation strategies.
- Documentation & Compliance: Ensuring all planning and cost control processes adhered to company standards and project requirements.

**Engr. Mamintal** exhibited exceptional leadership, analytical skills, and a commitment to accuracy, which significantly contributed to the financial health and successful delivery of multiple projects. His management. His performance was satisfactory/excellent throughout his service period.
