SUMMARY

Civil Engineer with hands-on experience in project supervision, safety management, and technical reporting. Currently working at Saudi Tech, specializing in AI-based surveying and project documentation. Skilled in teamwork, problem-solving, and delivering sustainable engineering solutions suited to local conditions.

EXPERIENCE

Saudi Tech – Saudi Arabia

Civil Engineer — Aug 2025 – Present

- Prepare technical reports to support documentation and decision-making.
- Conduct land and structural surveys using AI-powered equipment.
- Supervise project progress and ensure compliance with specifications.

Public Investment Fund (PIF) – Saudi Arabia

SEVEN Entertainment Project (Summer Training) — Aug 2024 – Oct 2024

- Applied safety protocols and conducted risk assessments.
- Monitored material quality and site workflows.
- Assisted in project scheduling and sustainability practices.

EDUCATION

King Khalid University – Saudi Arabia

Bachelor of Science in Civil Engineering — Jan 2025

PROJECTS

Graduation Project: Flexible Pavement Design using AASHTO for KSA Conditions

- Developed pavement design methods based on local traffic and environmental factors.

CERTIFICATES

- Certified Associate in Project Management (CAPM) – PMI, 2025
- OSHA 30-Hour Construction Safety – American Academy, 2025

SKILLS

Technical: Safety Management, Construction Supervision, Technical Reporting, Surveying (AI Equipment), Project Scheduling, Pavement Design (AASHTO), MS Office, AutoCAD

Soft: Communication, Teamwork, Problem-Solving, Adaptability, Time Management, Attention to Detail
