

MOHAMED MOSTAFA AHMED AMR

Civil Engineer – Site Engineer

Phone: +966 54 665 5728

Email: mm1088021@gmail.com

Location: Riyadh, Saudi Arabia

Professional Summary

Civil Site Engineer with 3 years of experience in supervising residential and commercial construction projects, with strong expertise in Quality Assurance (QA) and Quality Control (QC) to ensure full compliance with project specifications, codes, and standards. Skilled in site monitoring, inspection reporting, material compliance verification, and coordinating with consultants to close NCRs and resolve technical issues. Demonstrated capability in Document Control (DC), shop drawings review, and managing all phases of construction including excavation, structural works, and finishing. Successfully supervised 270 housing units under the National Housing Company (NHC) project in Al-Baha.

Education

Bachelor's Degree in Civil Engineering

Phi Academy, Cairo, Egypt (2017–2022)

Graduation Project: Irrigation Works Design — Excellent
