- Attending meetings and competently communicate with Clients & Sub Contractors.
- To ensure the quality and standards of materials and quantities in accordance with project specifications.
- Providing technical advice and suggestions for improvement on particular projects.
- Applying personal technical knowledge and experience to the development of subordinate fresh staff.
- Preparing Daily, weekly & monthly progress report.

Tests Performed:

Concrete tests: Compressive strength, Slump test, FDT, Unit weight, Proctor test, sieve analysis, gradation & cone calibration etc.

Asphalt test, GMM, GMB

LAB TECHNICIAN

Terranva Contracting

Duration April 2023 Oct 2025

Project: NGHC Tabuk

Responsibilities:

- Ensuring that all the activities are executing as per approved method of statement, project specifications & in a safe.
- Preparing schedule of material used and Available.
- Ensuring that all assigned work is completed on time and within agreed budgets.
- Preparing cost estimates and ensuring appropriate materials and tools are available.
