About me

Certified Electrician with 5 years of experience in domestic, commercial and industrial electrical systems. Proven ability to install, maintain, and repair complex electrical systems, ensuring strict adherence to safety standards and regulations. Proficient in reading drawings, using diagnostic tools, and troubleshooting electrical issues. Experienced in improving energy efficiency and reducing project costs. Eager to contribute my skills and knowledge to a company where I can further develop my expertise and contribute to a safe and efficient work environment.

Work experience

Sub Engineer Electrical | Salaaf AL Fan contracting company | 11/07/2025 - Current | Dammam, Saudi Arabia

installing and maintaining electrical systems, diagnosing and repairing faults, and ensuring compliance with safety codes.

Other key duties are performing inspections and testing, and managing electrical components like wiring, panels, fixtures, and reading the drawing.

Electrician | Nishat Mills Limited | 18/12/2020 - 20/01/2025 | Lahore, Pakistan

Execute plans of electrical wiring for well functioning lighting, intercom and other electrical systems

Install electrical apparatus, fixtures and equipment for alarm and other systems

Install safety and distribution components (e.g. switches, resistors, circuit-breaker panels etc.)

Connect wiring in electrical circuits and networks ensuring compatibility of components

Prepare and assemble conduits and connect wiring through them

Prevent breakdown of systems by routinely inspecting and replacing old wiring and insulated cables, cleaning circuits etc.

Perform effective troubleshooting to identify hazards or malfunctions and repair or substitute damaged units
