Dear Ahmed Kamal Osman Hassan Elata,

Thank you for your tremendous help during validation project. Without your diligence, hard work, and several late nights and early mornings, we would not have been able to meet our deadline. And we did so much more than that: thanks to your major efforts, we not only completed on time, but with a wonderful result.

Your hard work has not gone unnoticed, and I, along with my team, would like to express my deep gratitude to you.

We wish him best wishes for his career.
