☎ +966 548107838

📍 Riyadh, Saudi Arabia

📄 Transferable Iqama

## PROFESSIONAL SUMMARY

---

Results-driven Civil Supervisor with over 9 years of experience in infrastructure and utility projects across Saudi Arabia. Skilled in supervising TSE, stormwater, and potable water pipeline works, excavation, shoring, backfilling, and underground asset protection. Adept at coordinating multi-disciplinary teams, ensuring compliance with HSE and quality standards, and achieving project milestones under tight deadlines. Proven record of effective communication with consultants and clients to deliver successful infrastructure projects.

## PROFESSIONAL EXPERIENCE

---

2025 – Present

### **Civil Supervisor | Green Riyadh Project - TSE Supply**

*BINYAH - Saudi Real Estate Infrastructure Company*

Supervise and manage TSE (Treated Sewage Effluent) pipeline network works, including trenching, ducting, and manhole installations as per RCRC and NWC standards.

Plan and execute excavation, shoring, and dewatering activities while ensuring safety of adjacent structures and underground utilities.

Coordinate with consultants and subcontractors for inspection requests (IRs), material approvals, and method statement reviews.

Ensure protection and rerouting of existing underground assets such as waterlines, telecom ducts, and electrical cables through coordination with relevant authorities.

Monitor daily site progress, manpower utilization, and equipment allocation to achieve project targets.

Prepare as-built drawings, daily reports, and progress documentation for client submissions.

Enforce HSE compliance at all times, conducting toolbox talks, risk assessments, and safety audits in line with company policy.

2024 – 2025

### **Civil Foreman & Permit Receiver**

*SEPCO & POWER CHINA - Saad 2 Solar Project*

Supervised civil and infrastructure activities including foundation works, concrete pouring, and utility trenches.

Managed permit-to-work system for excavation, confined space, and hot works to maintain a safe work environment.

Coordinated site inspections with QA/QC teams and ensured materials conformed to project specifications.

Controlled manpower, materials, and heavy equipment to optimize daily operations and reduce delays.

2020 – 02024

### **Equipment Coordinator & Civil Foreman**

*MADAEAN AL SAHIL COMPANY*

Oversaw civil utility works, including stormwater and sewer pipelines, chambers, and connections.

Supervised excavation and shoring operations ensuring slope stability and adherence to safety standards.

Maintained close coordination with site engineers, equipment operators, and logistics teams for smooth operations.

Supported QA/QC testing, inspection requests, and documentation for project closeout.

2017 – 2020

**Lead Mason & Precast Supervisor**

*ELSEIF ENGINEERING & CONTRACTING - Various Projects (Najran, Gizan, Al Fursan Island)*

Managed precast installation, masonry works, and structural finishing as per approved drawings.

Supervised workforce performance, ensuring compliance with project specifications.

Verified dimensions, levels, and alignment before concrete casting and precast erection.

Implemented site safety practices and participated in toolbox meetings and job safety analyses (JSA).
