

MADYAN AHMED YAHIA HAMID

(PMP)® | CONSTRUCTION PROJECT MANAGER | SENIOR CIVIL INFRASTRUCTURE

ENGINEER | SENIOR ROAD CIVIL ENGINEER | PMO | CONSULTING ENGINEERING.

EDUCATION

- ✚ **Master of Science, Master of Business Administration**, 2019 to 2023
University of Aden - YEMEN
- ✚ **Bachelor of Science, Civil Engineer**, 2006 - 2011
University of Aden – YEMEN.

PROFESSIONAL-SUMMARY

Experienced Civil Engineer, Bachelor of Civil Infrastructure Engineering, with a master's degree in business administration management and more than 14 years of experience. Certified Project Management Engineer (PMP)® and Civil Engineer for Roads, Senior Supervisory Engineer for Civil Infrastructure. Expert in supervising the implementation of infrastructure and civil construction for residential and industrial projects.

I worked with companies managing residential and commercial infrastructure projects to implement water (NWC), sewage (NWC), rain, telephone, lighting, and medium voltage networks (SEC), as well as landscaping, coordinating, and developing infrastructure projects within the company.

The construction and supervision for water & sewer with National Water Company (NWC) projects in Saudi Arabia.

My expertise includes water and wastewater networks, stormwater management, and full infrastructure projects. These have been key components of large-scale land development initiatives in Saudi Arabia, particularly for the development of white land areas, for over 12 years.

During these projects, I was responsible for coordinating the approval of water and wastewater plans with designers, reviewing and finalizing execution drawings, preparing quantity take-offs, and overseeing the material approval process.

Additionally, I supervised the implementation of the networks, ensured proper execution, and managed the handover of completed works.

Key Skills and Responsibilities:

- **Planning and Design:**
 - Reviewing engineering and architectural plans and bills of quantities.
 - Developing detailed project schedules.
- **Resource Management:**
 - Allocating human and material resources.
 - Monitoring project costs to ensure adherence to budget.
- **Implementation:**
 - Daily supervision of work to ensure compliance with technical specifications.
 - Coordinating activities between contractors, suppliers, and the technical team.
- **Quality Control:**
 - Conducting periodic inspections to ensure compliance with technical specifications.
 - Ensuring the quality of materials used.
- **Risk Management:**
 - Assessing potential risks and developing contingency plans.
 - Resolving disputes between different parties.

SKILLS

- (PMP)®
- Language English Skills
- AutoCAD
- Water & Sewer & Storm
- Gems
- Civil 3D-Road
- Primavera
- Microsoft, word, excel, Power BI Desktop, MS Project, PowerPoint...etc.
- Water & Sewer Gems Pro.
- Working under the pressure that every employee must endure in his work to achieve and complete a technical and professional stage during any work task.

CERTIFICATIONS

- 2024: Civil 3D 2024 – Autodesk Training Center
- ☐ 2024: Water & Sewer Gems Pro. 2024
- 2024: Water & Sewer Gems Design Program
- 2023: PMP® - Project Management Professional
- 2023: RMP - Risk Management Professional
- 2020: Project Management - Time and Cost
- 2012: Business Management Diplomat - Aden, Yemen
- 2011-2012: English Diploma - Aden, Yemen
- 2011: Land Development 3D for Road Design
- 2011: Primavera Program Certificate - Aden, Yemen
- 2011: STAAD Program Certificate - Aden, Yemen
- 2011: Graduation Project - Al-Mughniyah Road Design

- **Delivery and Follow-up:**
 - Providing periodic reports on project status and progress.
 - Ensuring all objectives and standards are met before project delivery.
- **Technical Skills:**
 - Proficient in Civil 3D Autodesk for road design and quantity calculations.
 - Extensive professional experience in project implementation and reporting.

Professional Experience:

- Over 12 years of experience in successfully implementing projects and providing reports to executives.
- Effective communication skills for internal and external work environments.

EXPERIENCE

GEH-DAR AL-KHALEEJ ENGINEERING CONSULTANTS - EASTERN PROVINCE

DEVELOPMENT AUTHORITY-SDA

CONSTRUCTION PROJECT MANAGER | 2025 - PRESENT

Khobar Historical Center & Southern Corniche Projects
