

## Syed Ahmad Kamal

Saudi ARAMCO & SPPC Approved Civil Engineer/Project Engineer

/Site Engineer

Saudi ARAMCO ID: 8607375

SCE# 1022968

Cell: +966-580862361

Current Location: Saudi Arabia

Email: [ahmadkamaluol@gmail.com](mailto:ahmadkamaluol@gmail.com)

LinkedIn: <http://www.linkedin.com/in/ahmad-kamal-12459712>

### Expertise:

- Commercial&Residential Buildings
- Oil & Gas Pipeline, Well pad ,valve stations, Scrapper Launcher & Receiver, Metering Skid ,Burn pit, Filtration system, Hot tap, Pipe Racks Foundations Works
- Substations construction (GIS, CCB, SS, ICB, LB, OME, PIB)
- Water Proofing
- Earth&Road Work
- Fence Installation
- Infra&Utilities Installation
- Storm water&drainage systems
- Excavation, masonry, and reinforced concrete structures.
- Managed a large workforce, ensuring adherence to project milestones and quality standards.
- Compliance with project milestones.

### Career Objective

I am a competent Civil Engineer with over 10 years of experience in EPC projects, specializing in Oil & Gas pipeline facilities, infrastructure, building construction, and civil structures. Seeking a position in a dynamic organization to apply my engineering expertise and project management skills to drive successful project outcomes, deliver value, and contribute to organizational growth.

### Career Overview

- About 11 years of experience in Civil Engineering across EPC projects, with a strong focus on MEP coordination, oil & gas pipeline construction, plant facilities, building construction, substations, manifolds, and infrastructure development.
- As a Civil Site Engineer, directed and supervised complete civil works for pipeline construction, including AGI/UGI facilities such as thrust anchors, sump pits, scraper traps, and right-of-way (ROW) development. Managed and executed the construction of well pads, manifolds, pipe sleepers, pipe racks, and thrust anchor

blocks.

- Oversaw all phases of pipeline-related civil activities, including ROW preparation, trenching, bedding, pipe lowering support, padding, FOC installation, backfilling, berm formation, riprap placement, and gabion construction.
- Ensured all works were executed in full compliance with Aramco QA/QC standards and on-site health and safety regulations.
- Proven track record of managing complex projects from initial planning to execution, ensuring compliance with safety standards and quality control.
- Strong leadership, problem-solving, and team management skills with experience coordinating multidisciplinary teams and client communication.
- Certified Lean Six Sigma (Black&Green Belt).

### **Professional Experience**

#### **SINOHYDRO Co.**

**Position:** Civil Project Engineer

**Client:** Saudi Aramco

**Project:** Riyas NGL Fraction

**Duration:** October 2024 – Present

- Assist the Project Management and Project Engineering Team for the civil design input and output.
- Assist the Engineering Team in design package review.
- Assist the Construction Manager on site activities such as mobilization of TCF, Material and Manpower.
- Organize the site civil activities.
- Assist the 2 weeks look ahead construction schedule
- Supervise the construction activities at site.
- Prepare the daily construction report
- Report to Construction Manager on daily basis.
- Participate in the Weekly Progress Meeting and Construction Meetings.
- Troubleshoot the problems occurring during the construction.
- Completion of the task on given time.
- Assist the project team during the pre-commissioning and commissioning.
- Assist the project team in the client walk through the site.
- Assist the project team in handing over the project.
- Assist the project team in the preparation of handing over the project documents.
- Team up with the project safety and quality team.
- Complete the punch list as PMCC

### **Rawabi Holding Construction Company**

**Position:** Civil Engineer

**Client:** Saudi Aramco

**Project:** Operation & Risk Mitigation Building, Ras Tanura Refinery (RTR)

**Duration:** January 2023 – October 2024

- Managed civil works including sub-structure (excavation, footings, grade beams) and super-structure (steel structures, slabs, parapet walls, gypsum board, coating&painting work etc.).
- Overseeing MV cable installations, HDPE lines, fire water pipelines, road construction, crash-rated&security fence installation.
- Coordinated project progress and quality control, ensuring all activities adhered to Aramco standards.

### **Rawabi Holding Construction Company**

**Position:** Civil Engineer

**Client:** UM-UI-Qura

**Project:** Massar Makkah Project, Makkah City

**Duration:** January 2023 – May 2023

- Supervised the construction of roads, bridges, underground parking, metro train tunnels, and stations.
- Managed waterproofing systems, pump stations, and retaining wall construction while ensuring quality and safety compliance.

### **Bin Quraya Construction Company**

**Position:** Civil Engineer

**Client:** Saudi Aramco

**Project:** Manifa & Tanajib Pipelines and Plants Facilities Project

**Duration:** December 2021 – January 2023

- Directed pipeline trench excavation, pipeline welding, and the construction of well pads, manifolds, Scrapper Launcher & Receiver, valve stations and sleepers, pipe racks, and thrust anchor blocks.
- Led civil works as In-Charge for AGI/UGI pipeline construction, including thrust anchors, sump pits, scraper traps, and right-of-way (ROW) development.
- Supervised full pipeline construction scope: ROW preparation, trenching, bedding, pipe lowering, padding, FOC installation, backfilling, berm protection, riprap, and gabion.
- Executed civil works for well pads, manifolds, pipe sleepers, pipe racks, and thrust anchor blocks, including pipeline trench excavation and associated structural

foundations.

- Construction of over head transmission lines and control rooms.
- Managed site teams, including laborers and subcontractors, while ensuring work adhered to design specifications and quality requirements.
- Managed daily reporting and coordination with QA/QC teams.
- Supervised workforce and maintained safety protocols on-site.
- Provided progress updates to project managers and addressed any concerns.
- Managed material and equipment logistics to ensure efficient operations.
- Prepared daily and weekly progress reports for Project management and attended project meetings.

### **China Petroleum Pipeline Bureau (CPPI)**

**Position:** Civil Engineer

**Client:** Saudi Aramco

**Project:** North Gas Compression Plants (NGCP) Pipelines

**Duration:** January 2020 – December 2021

- Managed civil works at valve stations, precast foundations, trenching, sand bedding, padding, and berm construction.
- Oversaw day-to-day construction activities, coordinated with QA/QC teams for inspections, and attended client meetings.
- Coordinated with the Construction Manager for the smooth execution of tasks.
- Monitored progress on site, ensuring proper resource allocation for excavation, concrete pouring, and steel reinforcement works.
- Coordinated inspection with QA/QC teams and the client representative.
- Conducted regular safety checks to ensure compliance with all health and safety standards.

### **Arkad Engineering and Construction Co.**

**Position:** Civil Site Engineer

**Client:** Saudi Aramco

**Project:** MGS II Package II - Central Region Pipelines

**Duration:** October 2017 – October 2019

- Supervised trenching, foundation construction, concrete pouring, base preparation, and asphalt paving for road construction.
- Construction of valve stations and pumping Stations
- Ensured timely completion of all civil works and coordinated site development activities.

## **Zealcon Engineering Pvt. Ltd.**

**Position:** Civil Site Engineer

**Project:** Danish School Project, Vihari, Punjab, Pakistan

**Duration:** February 2015 – July 2017

- Coordinated site inspections, monitored formwork and reinforcement work, and ensured compliance with approved drawings and standards.
- Managed concrete pouring, field density testing, and site execution in line with project specifications

### **Key Skills**

- Structural Engineer, Oil&Gas Pipeline Construction, Buildings&Infrastructure
- Concrete Works&Foundations Trenching&Excavation, Waterproofing Systems
- Quality Control&Compliance
- Team Leadership&Coordination
- AutoCAD&Primavera P6 (Beginner Level)
- Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)

### **Education**

Bachelor of science in Civil Engineering

### **Certifications**

- PMP Certification
- Lean Six Sigma (Black&Green Belt)
- OSHA Certification
- SCE Certified (Saudi Council of Engineers)
