

KHALED ABDO

ARCHITECT ENGINEER

PROFILE

I am Khaled Highly skilled Architectural Engineer with 10 years of experience in designing, planning, and overseeing the construction of sustainable and innovative structures. Expertise in integrating architectural aesthetics with engineering functionality to create cost-effective and efficient building solutions. Proficient in tools such as AutoCAD, Revit, and BIM, with a strong focus on structural integrity, environmental sustainability, and compliance with industry standards. Demonstrated ability to lead multidisciplinary teams and manage projects from concept to completion, ensuring client satisfaction and timely delivery. Passionate about pushing the boundaries of design to enhance the built environment.
