## PROFILE

Extremely conscientious with highly motivated team player with excellent organizational, leadership and interpersonal skills. My work experience to date has been gained in the construction, I aspire to work in various fields to obtain the largest possible amount of experience available to meet challenges and reduce Problems and develop solutions for them also I'm looking forward to work as a trainer in safety in Neom district to serve this great project. A strong sense of professionalism. Dependable, focused and willing to always go the extra mile. Good written and spoken English communication skills. Committed, dedicated, disciplined and able to take the initiative making considered decisions working within an agreed remit and business strategy. Enjoy Continuous Professional Development working towards my professional. Patient and can empathize with others; enjoy coaching and mentoring my team to achieve higher standards and abilities in both their workplace role and their vocational development. Calm character not inclined to uninformed judgement or rash decision making, quite analytical in my thinking processes, I like to understand the situation and available options.
